DPS Lava Nagpur

Where success becomes a habit

At DPS Lava Nagpur, we help translate the vision for your child's future into reality! We understand that the most crucial aspect of nurturing children is helping them develop a success mindset, view obstacles as opportunities, and strive for growth, not just academically but in all facets of life as well.

We craft personalised learning journeys for the children to support their individuality, encourage them to discover their passion and purpose, and provide a nurturing environment for their personal growth. Integrating technology with the CBSE curriculum and student-centred innovative pedagogy, we provide a rigorous academic programme that shapes young minds into responsible global citizens.

Mr. Gautam Rajgarhia

Promoter & Chairman

DPS Lava Nagpur | Varanasi | Nashik | Hinjawadi | Pune East

At DPS Lava Nagpur, we believe a school should feel like an extension of home and nowhere is that truer than on our campus itself. Green, open, and alive with the everyday sounds of children at play, it is a space built not just to house learning, but to hold childhood gently.

Rooted in the strong legacy of the DPS brand, our school stands on trust, excellence, and values. We believe every child is unique, and it is our constant endeavour to help them discover their fullest potential.

With experienced teachers, verdant surroundings, and a nurturing environment, we give children the space to grow confidently, academically, emotionally, and socially. Whether through academics, arts, sports, or innovation, every child here feels seen, supported, and inspired.

This is a school where the campus itself teaches children to breathe easy, run free, and feel at home.

Strengthening Foundations, Expanding Horizons

At DPS Lava Nagpur, we believe that education is the journey of shaping hearts, inspiring minds, and empowering every child to become a compassionate, confident, and responsible individual. Guided by our cherished motto, "Service Before Self", we nurture young learners who lead with integrity, serve with humility, and embrace excellence in every endeavour.

Our mission extends beyond academic achievement to developing Global Citizens - students who are deeply rooted in Indian values while embracing a global perspective. Through the integration of the United Nations Sustainable Development Goals (SDGs) into our learning experiences, we inspire our students to become environmentally conscious, socially responsible, and committed to creating a sustainable future.

We take immense pride in our consistent academic excellence in the CBSE Board examinations, reflecting our unwavering commitment to high standards of teaching, disciplined learning, and holistic student development. Complementing this commitment, our safe doorstep transport service ensures that every child enjoys a secure and seamless journey to and from school.

Our vision of lifelong learning, competence, and rooted values inspires us every day to shape individuals who contribute wholeheartedly to both society and the world. Together, we continue to build a vibrant learning community imbued with integrity, curiosity, creativity, and the enduring spirit of service.

DPS Lava Nagpur | Varanasi | Nashik | Hinjawadi | Pune East

When you choose a school, you are not choosing a building or a brochure. You are entrusting us with your child's mornings, their questions, their small defeats, and their quiet victories. As a parent myself, I know the weight of that decision, and I do not take it lightly. Our goal is simple. We want every child to leave DPS Lava Nagpur not just with good marks, but with a curious mind, strong character, and the confidence to thrive in a world that is constantly changing. We are not preparing children only for examinations - we are preparing them for life.

This work happens in the everyday moments: a teacher who notices the quiet child, a classroom where mistakes become opportunities to learn, and a culture that believes every child grows, one step at a time.

I will not promise you a perfect school. I will promise you an honest one: a school that celebrates your child with sincerity, supports them through challenges, and works with you as a true partner.

If you are looking for a place that helps children become capable, courageous, and genuinely themselves, come and experience DPS Lava Nagpur. My hope is that when you walk through our corridors, you will feel what matters most: here, your child is truly known.

This is our promise. And I intend to keep it.

A Proud Student of DPS Lava

"Success is not final, failure is not fatal: it is the courage to continue that counts."

- Winston Churchill

My swimming journey began with failures, not victories. Unable to complete my first 100-metre race, I faced repeated setbacks that tested my determination. Guided by the Habits of Mind at DPS Lava, I learned to persevere, stay composed, and view every challenge as an opportunity to grow.

Through relentless practice and unwavering self-belief, **I transformed failure into success, earning 15 medals.** More valuable than these achievements are the resilience, discipline, and confidence I gained. My journey continues, driven by the belief that true success lies in the courage to keep moving forward.

Success Mindset - Preparing Future Leaders

Heartiest congratulations to all our brilliant achievers! Your dedication continues to make the school community incredibly proud.

4Rs (Relevance, Relationships, Reflection, Rigour)

Relevance

Learning that connects.

At DPS Lava Nagpur, children don't just study concepts; they see why they matter. Whether through field visits, hands-on experiments, expert interactions, or author talks, we help students make real-world connections. Learning becomes meaningful because it goes beyond theory into action.

Relationships

Because children thrive where they feel seen.

At DPS Lava Nagpur, every child is known by their name, story, and strength. Our culture of warmth, care, and trust creates lasting bonds among learners, teachers, and families.

Reflection

Pause. Think. Grow.

Reflection isn't a moment; it's a mindset. From beginning the day with Samurja to ending it with Closing the Loop, reflection is woven into every session. Whether it's academic discussions or personal insights, we help students make meaning of their experiences, because learning becomes lasting only when it's reflected upon.

Rigour

Challenge with care.

Whether it's mastering a concept or preparing for a spelling bee, we push our students to stretch their thinking while standing right beside them. Our approach is joyful, intentional, and purposeful.
