ABOUT THE NEWSLETTER

Dear Readers,

As we continue to move through October, the weather is taking another turn for the chilly. This week, give blood or support the Niangua FFA & FBLA by attending a truck and tractor pull! The city's regular limb pickup has been canceled, and the city is asking residents to clean up any limbs they put out in preparation. The health unit is also sponsoring an event to raise awareness of tick-borne illnesses, including free Alpha-Gal testing for residents of Webster County.

Welcome to the **GO Marshfield Neighborhood Newsletter**—your free, online-only source for what's going on right here in our hometown. Got an event coming up? Email us at **gomarshfield@gmail.com**. We'd love to help spread the word!

As always, we do our best to make sure everything is accurate and up to date, but events can change. Double-check with organizers before heading out. Have a great week exploring everything that Marshfield has to offer!

Warmly,

Melissa Mall

CITY AND GOVERNMENT

TUESDAY, OCTOBER 20

6:30 pm: Planning and Zoning Meeting at City Annex

IMPORTANT ANNOUNCEMENT

LIMB PICK-UP CANCELLED

The City will be delaying our fall limb pick-up to ensure that we can finish projects that have already been started and are scheduled to be completed by the end of the year.

Residents who have limbs stacked along the road will need to remove them.

We apologize for the inconvenience and appreciate your patience and understanding.

**No appointment
needed!**
Testing will be offered
on a first-come,
first-served basis.

NO COST
for Webster County
residents

What is Alpha-gal Syndrome?

Alpha-gal syndrome is a potentially serious allergic condition associated with the bite of certain ticks, including the lone star tick, which is commonly found throughout Missouri.

Alpha-gal is a sugar molecule found in most mammals, and people who develop the syndrome may experience allergic reactions after consuming or being exposed to products containing mammalian meat or other mammal-derived ingredients.

Symptoms can include:

- Hives
- Swelling
- Stomach pain
- Nausea
- Vomiting
- Diarrhea
- Difficulty breathing
- or other allergic symptoms

Reactions can sometimes occur several hours after exposure, making the connection to food or other products difficult to recognize.

How to Prevent Tick Bites

Use EPA-registered tick repellent (especially when outdoors).

Wear long sleeves and long pants when practical.

Stay on cleared trails.

Check yourself and your children for ticks after outdoor activities.

Promptly remove attached ticks.

Treat clothing with permethrin.

**Learn more. Get tested.
Help protect your health.**

**Together we can reduce the risk of tick-borne diseases
and keep our community healthy!**

— COMMUNITY RESOURCE CENTER & THRIFT —

♥ *Where Compassion Meets Community* ♥

We believe no one should face life's challenges alone.
Through our volunteers, donors, and shoppers, we're able to:

♥ Help seniors remain safely in their homes.

♥ Support foster children and families.

♥ Help local teachers and classrooms.

♥ Provide food and essential resources
through our Blessing Pantry.

♥ Connect individuals and families
with community resources.

♥ Share hope through practical
acts of kindness.

Every Purchase Has a Purpose ♥

The thrift store helps fund our mission so that
together we can continue serving our community
with compassion, dignity, and faith.

*Thank you for shopping with purpose,
donating with generosity, and
volunteering with heart.*
