MANTELS ~ SHELVES ~ CORBELS ~ BEAMS

Amish-Crafted & Perfected

Rustic, timeless, and beautiful... as close to nature as it comes

Hand-hewn by Amish craftsmen and old world techniques, our barnwood collection features reclaimed-looking timberwood and composite fireplace mantels, shelves, corbels, and box beams that will add character and an exquisite look to any home. Their antique charm is magnified by the checks and cracks that happen naturally during the hewing process, making each one truly unique and custom.
