ECOWOOD NATURE

Hazel – pure, authentic and natural

Our hazel products are made from 100% natural, untreated hazel wood. With no chemical treatment, they offer an ecological choice for creating a warm and authentic outdoor setting.

The carefully woven hazel branches blend naturally into their surroundings and gradually develop a characteristic patina when exposed to sun and weather.

As an untreated natural product, our hazel products have an average lifespan of approximately 5 years, depending on installation and environmental conditions.

GREENWOOD

Code	Product	Weight / unit
GW1	GREENWOOD 1 - Horizontal woven hazel screens, H 180 x L 150 cm	35 kg
