DNCA Finance announces the arrival of two new European Equity Portfolio Managers

Paris, France – 25 November 2025

DNCA Finance, an asset management company founded in 2000 and an affiliate of Natixis Investment Managers since 2015, announces the arrival of two new European equity portfolio managers: Fabio di Giansante and Lorenzo Angelini. They both took up their positions on 18 November and will be based in DNCA Finance's new Madrid office, marking the firm's first establishment in Spain.

A complementary duo for active and flexible equity management

Fabio di Giansante and Lorenzo Angelini bring solid asset management experience, with more than 25 years for Fabio and 15 years for Lorenzo. They met at Pioneer in 2011 and worked together for more than eight years on the Amundi (Pioneer) Euroland Equities fund. Their investment approach combines rigorous fundamental analysis and tactical flexibility, within a "blend" management style that integrates both growth and value.

Fabio has an excellent long-term track record in European equities and is widely recognised in the industry for active European equity management. He has received multiple awards, including a nomination by Morningstar in 2011 among the three best European equity managers of the year*.
