Peer Ministry for Confirmation

- 👉 Engage Older Teens in Leadership
- 🎓 Don't Let Confirmation Become Graduation
- 👤 Pair Candidates with Older Mentors

Many youth who celebrate Confirmation in middle school or younger treat it as a graduation and step away from the church for good.

The Lighthouse Program forms older, previously Confirmed high school students as peer ministers to accompany younger candidates (ages 10-16) to receive the Sacrament of Confirmation. It is about befriending, caring for, and helping Confirmation candidates celebrate their Confirmation in ways that encourage them to begin their journey into adult faith.

It offers a compelling model to prepare older teens for ministry leadership, helping them transition into an adult role in the church. It can especially help dioceses that lower the age of Confirmation to continue to engage older youth in ministry.

Note that this is not a comprehensive preparation program, but is meant to supplement another curriculum. Learn more about each component in the program below.

Leadership Sessions

Contains eight to ten leadership training sessions for high school youth to form them to serve as peer ministers. The process prepares them to lead five peer ministry sessions of peer ministry with Confirmation candidates. Peer Ministry Sessions

Growing Up Catholic VACATION BIBLE SCHOOL

A Different Kind of VBS

- Affordable.

THREE THEMES FOR 2027

MISSIONARY DISCIPLESHIP MUSIC THAT REALLY ROCKS! STEAM ACTIVITIES

Grounded in God's love, children can use their unique gifts to make a difference wherever they go

An interactive Vacation Bible School where children learn that **everyone can make a difference in the world!** The five Bible stories in this curriculum explore examples of people who experienced and brought about change in the world around them. These people provide a model for asking hard questions, working together to solve problems, reaching across differences, caring for all people, and imagining a new world. Through worship and drama, Bible study, STEAM activities (science, technology, engineering, art, math), and active games, children are invited to see and experience the transforming love of God.

MAKE PEACE A WAY OF LIFE ADDRESS A WORLD IN CONFLICT LOOK THROUGH A TRAVEL LENS

'Round the world or just down the street, make peace with everyone you meet!

Peacemaking skills are essential for those who want to follow Jesus' way of peace. The Bible stories encourage children to listen to and learn from people who are different, care for people who are sick or suffering, creatively work to keep everyone safe, and refuse to respond to conflict with violence. In a world too often divided by race, class, ethnicity, and country of origin, Passport to Peace is a reminder that the love of God and the way of peace transcend all borders and divisions. All are welcome in the family of God. Led by God's Spirit, we can all participate in creating a more peaceful world.

EUCHARISTIC REVIVAL RADICAL HOSPITALITY MEETING JESUS IN MEALS

When you eat with Jesus, anything can happen.

An experience where children learn that **everyone is welcome at God's table!** All five Bible stories feature Jesus, drawn from the Gospels of Luke and John. They show Jesus eating with unexpected people, providing food for a crowd, demonstrating humility, and extending welcome and forgiveness. Through worship and drama, Bible study, art and science projects, and active games, children are welcomed to taste and share at God's table, where there is always enough!

Come to the Table invites children to see that God loves and welcomes all people and challenges them to share that same love and hospitality in their everyday lives.

Gather parents to support each other in community, conversation, and prayer by discussing topics that matter most to them—at the intersection of parenting and faith.

Growing Up Catholic Parent Conversations

Small group resource ♦ Six sessions per title

These sessions are about where the rubber meets the road: the challenges and joys of parenting today. Help parents enter into meaningful conversations about how their faith informs their parenting and way of life and to connect with other parents. In our experience, when you gather parents to discuss issues such as these, it's hard to get them to stop talking. They are self-directed, so no leader is required!

- **Good Sports:** Finding Balance (Ann Naffziger) • Explores the impact that competitive youth sports programs are having on families today, including some of the emotional, psychological, physical, and spiritual effects. It gently raises questions and invites parents to reevaluate what choices are healthy and balanced for their children, affirming that counter-cultural decisions can sometimes be in everyone's best interests. • GUC703
- **Living the Good Life** (Paul Canavese)
 - Presents Catholic morality in an accessible and understandable manner for even skeptical parents. It shows how to embrace a virtue ethics approach and use it to form children. It offers thought-provoking insights, sprinkled with examples from popular culture, psychology, Scripture, and Church tradition to show how the Good Life Jesus proposed is the most fulfilling way to live. • GUC702
- **Raising Kids Who Care** (Kathleen Chesto)
 - Explores how families can become more balanced, empathetic, and loving. Weaving in familiar examples, recent wisdom from Pope Francis, and insights from our faith tradition, this series will kick off rich, lively discussions and give parents practical tools to bring home with them. • GUC701
- **Taming Technology:** Screen Time (Canavese/Naffziger) • The topic of technology and screen use is not only a health and social issue. It is also a spiritual issue, which is one reason Pope Francis has addressed it numerous times. These sessions will help families find the healthy balance that is right for them. Includes guidance on writing a family technology agreement. • PC190
- **Parenting with Joy** (Canavese/Naffziger)
 - Based on insights drawn from Pope Francis' *The Joy of Love (Amoris Laetitia)*. The authors draw from their own experience as parents and pastoral leaders, gently raising questions but remaining clear that parents need to discern how God is leading them to make decisions for their own family. • PC175
- **Family Matters:** Parenting Topics (Sr. Janet Schaeffler, OP) • Sessions on common family and parenting issues from a faith perspective, including: "When Kids Ask Tough Questions," "The Child in the Pew," and "Stress Survival Manual." • JS106
- **Grandparenting with Grace** (Kathy Coffey)
 - Addresses common challenges and concerns, such as when grandchildren and adult children are not practicing their faith, in a balanced and practical manner. • KC201
