

**Need More Production Capacity?
We've Been Solving That Problem for 65 Years.**

YOUR PARTNER FOR SOCIALLY RESPONSIBLE MANUFACTURING

hc Handi-Crafters
Connecting Communities. Crafting Opportunities.

Outsource Labor Keep Production Moving

Handi-Crafters Opportunity Center delivers dependable packaging, assembly, and production support for businesses seeking flexible labor solutions and operational efficiency.

Our structured production environment helps organizations scale output, manage fluctuations in demand, and maintain focus on their core business.

Whether supporting ongoing production or project-based work, our team becomes an extension of yours.

A close-up photograph of a woman with short brown hair, wearing a dark blue sweater and a gold chain necklace. She is focused on assembling a small, white, rectangular box. Her hands are visible, showing some age-related skin texture. In the background, another person wearing an orange shirt is blurred, suggesting a workshop or production environment. The lighting is warm and indoor.

“We are extremely pleased with our collaboration. The team is always highly professional, responsive, and efficient. Their reliability and commitment make them a trusted partner, and we truly value working with them.” Manicurist

Every production contract helps create meaningful employment while delivering dependable manufacturing services for our customers.

Trusted by Leading Manufacturers

Organizations across manufacturing, healthcare, consumer goods, and retail trust Handi-Crafters to deliver dependable results.

Supporting projects ranging from small production runs to full truckload fulfillment.

“The staff at Handi-Crafters is easy to work with and exhibits outstanding work ethic. They have provided exceptional and quick service in fulfilling FORTA’s fiber packaging needs. FORTA is proud to support Handi-Crafters in their community work efforts. This is a win-win scenario for both companies.”

Forta

“I like the idea that I can be a part of something that truly makes an impact in our community. I am thrilled to join the team at Handi-Crafters.”
