CROSS BORDERS BREWING CO.

EST. 2016

Cross Borders' origins trace back to an illicit biscuit cartel run by our two founders in primary school.

Our brewery is the result of years of friendship, hard work, experience, and a refusal to grow up.

We brew *Braw beer that you'll want to drink again and again (responsibly, of course!).

***BRAW adj.(a)** Of things: fine, splendid, illustrious.

PILSNER.

Say hello to our traditionally brewed lager.

Pilsner malts and the most noble of hops are conditioned in tank for six weeks for an authentic crisp taste.

A truly exceptional drop which you can enjoy again and again. It's worth the wait!"

BRAW.

An old favourite with a new twist, our flagship pale ale has had a few wee tweaks.

A reduction in ABV but not a reduction in flavour.

Braw is now a 4.5% hazy pale featuring a load of Azacca, Galaxy, and Mosaic hops plus some oats in the grist for a creamy full body packed full of peach, passionfruit and grapefruit.

WEE BRAW.

Wee Braw is wee only in name. Our laid-back session IPA really packs a punch.

Dry hopped with a hefty amount of Mosaic; expect juicy mango, tangerine and grapefruit flavours.

This gold medal winner is the perfect beer to enjoy all day long.

IPA.

Our multi-award winning IPA has been recognised as a modern classic.

Big on flavour with Simcoe, Amarillo, and Mosaic in the dry hop with a refreshingly classic hoppy bitterness.

WEE HAZY.

Jammed full of Mosaic, Amarillo and Rakau to provide the tropical and stone fruit forward aromas and flavours to pair with the juicy soft goodness of a NEIPA.

While the lighter ABV is what makes this such a great session beer.

NITRO HEAVY.

The Nitro Heavy uses a combination of crystal and caramel malts for a deep flavour and colour balanced by traditional Bramling Cross hops.

Expect caramel and toffee flavours in this nitrogenated version of our Heavy.

Dispenses on 70/30 gas through a creamer nozzle.

SESSION PALE.

Our award-winning easy drinking cask pale is best enjoyed in the pub. So why have we bottled it?

Well; how else are you going to enjoy this cracking brew in your living room?

Install your own bar and handpump?

Thought not. You're welcome.
