About

If your type of comedian is someone who reminds us all how funny we all are, Chris Strait is for you! No funny topic is off-limits for this California native... but he's just telling his story. Since God had forsaken his dreams, Chaz moved to Los Angeles in 2006, where he spent a few hot musty summer months living in a van eating lemons off of trees. Most people would go back in time but Chaz Rodgers, he's an idiot, probably from playing tackle football since he was eight. In his personal life, Chaz has blossomed from a homeless, fence-hopping, lemon-eating hobo, to a newlywed in a multi-cultural marriage, with an off-beat family, and experienced fatherhood due to his overly imaginative six-year-old daughter Izzy, who often refers to him as "Poppa Princess".
