TORVER

THE CORONATION. Someone has written regarding the televising of the Service in the Abbey, "it was yet another wonder of science...that so many millions, in our own and other lands, could see and hear, through television, so much of the Coronation service. Once again there were impressed upon me the supreme beauty and the inspiration of our liturgical worship. The scenes in the Abbey were splendid...and the whole ceremony was a memorable spiritual experience."

In the name of those who enjoyed this privilege of the television in the schoolroom, I would tender very sincere thanks to Mr. Edward Dickinson. He went to a lot of trouble for our sake.

IN AUGUST (the date yet to be fixed) we shall be making some effort to raise a further contribution to the BISHOP'S NEW CHURCHES FUND.
