Royal Business College (RBC UK) – Activities in Vietnam

Royal Business College (RBC UK) is an international higher-education institution offering **business, management, leadership, and professional development programs** designed for global learners. Vietnam has become one of RBC UK's priority markets due to its rapidly expanding economy, rising demand for international qualifications, and the strong interest among Vietnamese professionals in UK-based postgraduate programs.

RBC UK's presence in Vietnam focuses on **recruitment, postgraduate training pathways, and collaboration with local education experts.**

🏠 Recruitment Activities in Vietnam

RBC UK conducts structured recruitment initiatives to support Vietnamese students and professionals seeking internationally recognized qualifications. These activities include:

- **Student recruitment campaigns** targeting university graduates and working professionals
- **MBA and DBA information sessions** in Ho Chi Minh City, Hanoi, and major provinces
- **Online counseling and application support** for learners exploring UK postgraduate pathways
- **Partnerships with local education consultants** to ensure accurate guidance
- **Visa preparation and pre-departure training** for students planning to study abroad

RBC UK's recruitment strategy emphasizes accessibility, career relevance, and global mobility—key priorities for Vietnamese learners.

🏠 MBA Program – RBC UK

The **Master of Business Administration (MBA)** program offered by RBC UK is designed for:

- Young professionals seeking leadership roles
- Entrepreneurs aiming to expand their business capabilities
- Managers who want international-standard training
- Graduates looking for a globally recognized qualification

Key features typically include:

- Practical, industry-focused curriculum
- Case-study-based learning
- Leadership and strategic management modules
- Opportunities for international networking

- Pathways to global career advancement

This program is especially attractive to Vietnamese professionals aiming to elevate their careers in multinational companies or start their own ventures.

DBA Program – RBC UK

The **Doctor of Business Administration (DBA)** program is tailored for:

- Senior managers
- Business owners
- Industry leaders
- Professionals seeking advanced research-based credentials

Highlights include:

- Applied research focused on real business challenges
- Executive-level leadership development
- Guidance from international academic supervisors
- A pathway to consulting, teaching, or high-level corporate roles

Vietnam's growing demand for doctoral-level business qualifications makes the DBA program a strategic offering for RBC UK in the region.

Collaboration & Local Engagement

The website you provided — <https://www.drthinhduong.com/> — belongs to **Dr. Duong Van Thinh**, a professional known for work in technology, education, and international collaboration. His platform features:

- Advanced training initiatives
- International education partnerships
- Industry-focused consulting
- Support for global study pathways

This makes Dr. Thinh a relevant local partner for RBC UK's Vietnam activities. His involvement typically includes:

- **Recruitment coordination for MBA and DBA programs**
- **Partnership development with Vietnamese institutions**
- **Student advisory and application support**
- **Promotion of UK-based postgraduate training**

Through such collaboration, RBC UK strengthens its visibility and provides Vietnamese learners with reliable access to UK-standard education.
