TOGETHER, LET'S MAKE YOUR HOME A
H A V E N.

“ At PDI Kitchen, Bath & Lighting, our role as a retailer of innovative home products is to partner with our customers to bring equal amounts of joy and functionality in their homes for many years to come. We have created this trends piece to guide you on your next design project—whether that’s a refresh, remodel or completely new build. We hope the following pages will inspire your next creation through the use of timeless, attainable luxury pieces that will complete your space. Our team is ready to help you create that perfect haven where you feel most at home. ”

Coley Herrin, PDI President and CEO

A modern interior space featuring a wall of horizontal wood planks. On the left, a vertical concrete planter holds several green ivy plants. In the center, a large window with a white frame looks out onto a garden with a stone path, moss, and trees. A large, leafy green plant in a white pot sits on the right. Two woven, basket-like pendant lights hang from the ceiling. A dark blue semi-circular graphic is overlaid at the bottom, containing the text 'OUTSIDE IN' and a paragraph.

OUTSIDE IN

If spending time in nature improves your mood, imagine how good you'll feel living in it. From natural wood tones to organic shapes and materials, PDI helps you bring the outdoors inside for an inspired and inspiring experience.

WARM & WELCOMING

WOOD TONES

From a cozy ambience to a clean, modern aesthetic, wood tones can bring a sense of calm to any room. Wood plays well with a variety of material and styles, making it the perfect accent for any space.

Cool graphite tones add a little drama to your life, or at least your space. These sophisticated shades bring flair to any bathroom or kitchen, especially when paired with lighter surroundings.

MEET PDI PARTNER SOURCE

At SOURCE, we've established a unique presence in the design industry by offering a seamless, vertically integrated approach to both residential and commercial projects.

Our expertise spans two key areas: providing premium hard surface materials and offering comprehensive design studio services to support your project's vision. Rather than simply selling products, we curate custom collections with a design-driven perspective.

What distinguishes us is our focus on both interior and exterior architecture, creating a cohesive, unified look throughout the home. We collaborate closely with designers, developers, builders and architects to deliver tailored solutions that enhance each project. Our philosophy prioritizes form over ornamentation, using hard surface design to craft a timeless, seamless aesthetic that aligns with individual styles.

We're dedicated to quality design and material excellence, guiding projects from concept to completion. We don't just adhere to industry standards—we push boundaries and set new ones, ensuring that every space reflects the aspirations and uniqueness of our clients. View our work at sourceatl.com.

PDI works with top designers to help bring your kitchen or bathroom vision to life.

FULL STEAM AHEAD

Steam showers offer more than just a beautiful bathroom focal point.

Smaller than a sauna or a steam room, a steam shower can bring the health benefits of a spa to a compact bathroom, adding a high-end touch to your home. PDI features steam showers from brands like Mr. Steam, KOHLER, Brizo and ThermaSol.

Relaxing and warming, steam showers have proven wellness benefits. Taking a steam after a workout can help improve your blood flow. A steam shower also helps clear nasal passages, open pores and soften skin, making it a great pre-bathing treatment. Best of all, steam showers are relaxing, meaning they may even help you get a better night's sleep.

TANGIBLE TEXTURES

Flat surfaces can be anything but flat. Think plaster, wood and wallpaper in unexpected places—even the ceiling. Bring depth to your surfaces by mixing textures and forms for a warm, layered look.

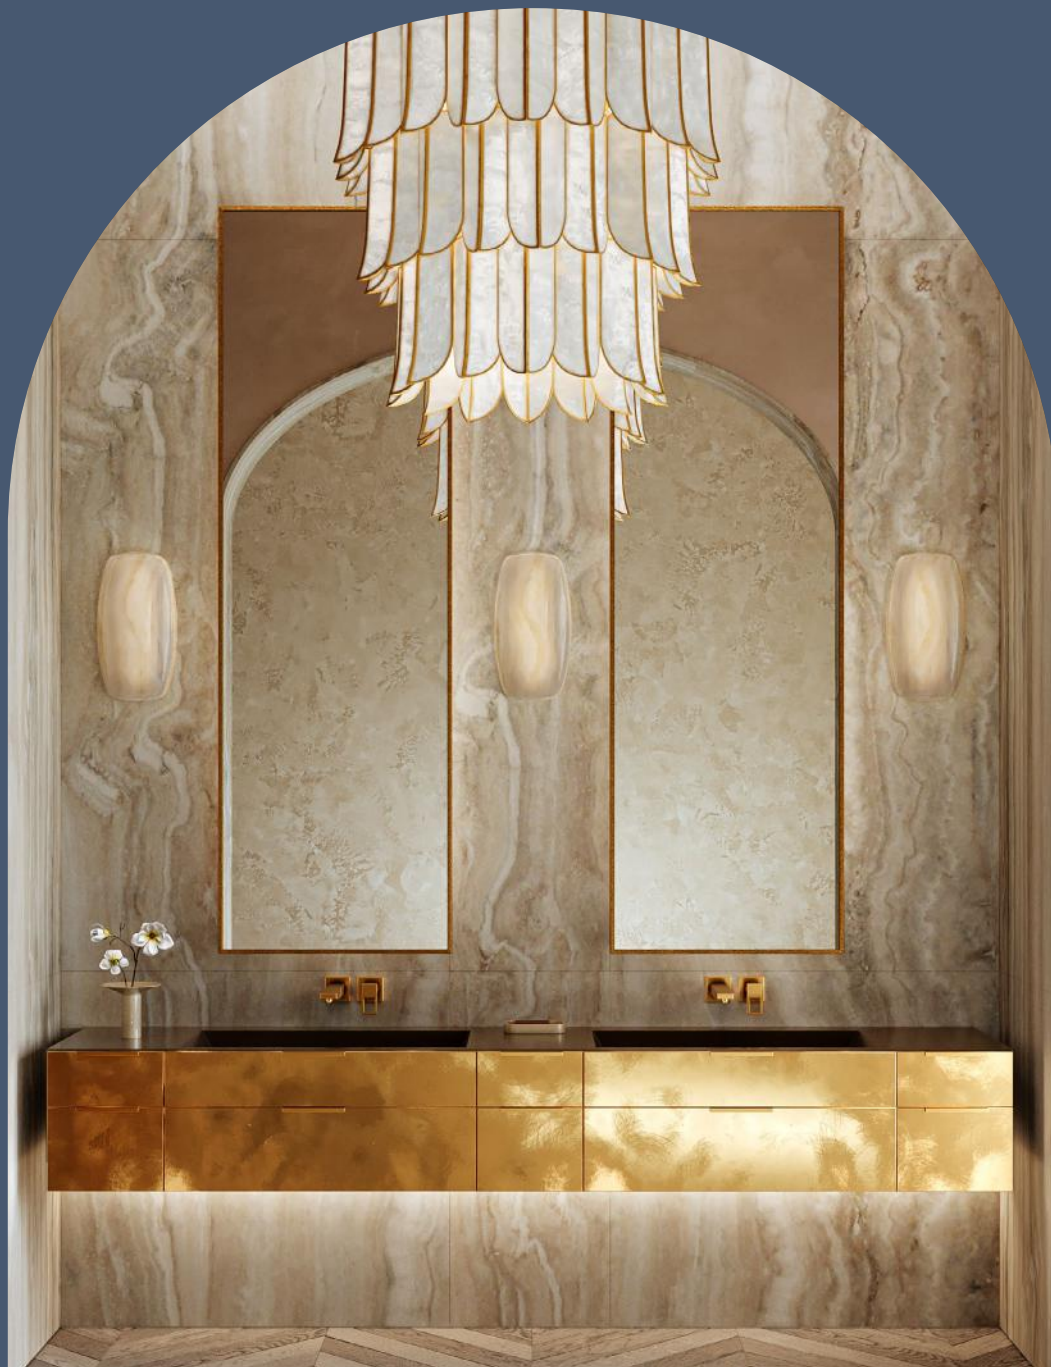

Dazzling Ideas

Artful finishes on lighting and faucets can be seen as jewel-like focal points that demand elevated consideration.

PDI LIGHTING LAB: WHERE BRIGHT IDEAS TAKE SHAPE

Lighting can make or break a space. Even the most amazing furniture or incredible fixtures can fall flat in a room that doesn't have the proper lighting. At PDI, we realize that knowing how to light a room isn't an instinct that comes naturally to most people, which is why we created the Lighting Lab.

The Lighting Lab brings together ambient, task and accent lights from such brands as Bulbrite and WAC, inviting customers to discover what feels good to them. Visiting the lab feels like part classroom, part showroom, as you learn how to layer lights, and how color and temperature can change the mood of a room. Visit the Lighting Lab at our PDI Lighting & Home stores in Atlanta and Alpharetta.
