Pico
Orb Small & Medium | Old Brass

Pico

The Pico Pendant Light is a refined, minimal statement designed for both individual placement and striking clustered compositions. Its slender, Old Brass suspension is paired with a choice of glass, allowing Pico to shift effortlessly from delicate accent lighting to more expressive sculptural arrangements.

With its compact proportions and timeless materiality, Pico introduces a warm, tactile presence that complements any interior. The soft, diffused glow of the opal glass enhances intimate spaces, while the streamlined form ensures a clean, unobtrusive aesthetic.

Air

The Air Collection explores lighting as a study in form and balance.

Each piece celebrates the inherent lightness of borosilicate glass, creating a near-weightless presence, complemented by subtle brass accents that add warmth and refinement.

From the original Orb Air to Elong Air and Dome Air, the collection expresses clarity, proportion, and quiet restraint. Sculptural yet unobtrusive, each design allows light itself to define the atmosphere.

With minimal detailing and timeless silhouettes, the Air Collection is lighting that feels as considered as the spaces it lives in.

Organic

The Organic collection features a characteristic contour in its form. Energetic and asymmetrical, each glass shade is individually mouth-blown and hand-formed to give it a unique shape - no two pendants are ever the same.

The way that light beams through the contours of each different glass surface provides a thrilling light diffusion.

Presents beautifully as an individual piece or can be used within a cluster arrangement to form an elegant and unique feature.

Shadow

The Shadow Collection is defined by its sculptural simplicity and soft, indirect illumination.

Each piece casts light gently onto the surface behind it, creating a subtle halo that enhances depth and highlights surrounding textures.

The concealed light source produces a diffused, comfortable glow, free from glare, shaping both atmosphere and mood.

Minimal in form yet expressive in effect, the Shadow Collection introduces warmth, contrast, and a sense of calm through the interplay of light and shadow.

DESCRIPTION

Engineered for versatility and ease of specification, the Multi-Drop Canopy provides a refined foundation for custom pendant clusters, balancing technical performance with a calm, understated aesthetic.

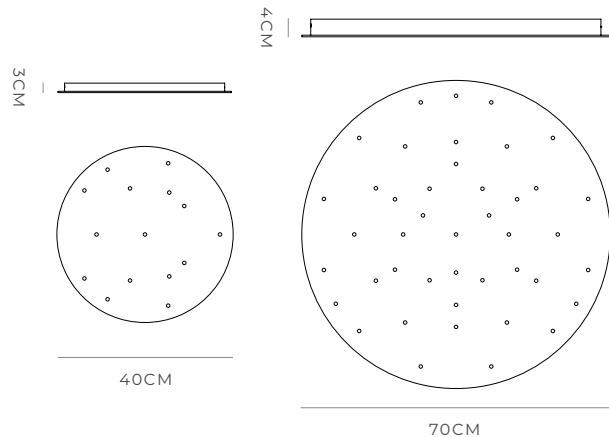

Predetermined fixing points enable freedom in pendant placement, while unused positions are discreetly concealed with colour matched magnetic covers. These sit flush with the canopy surface, creating a seamless finish that maintains visual simplicity regardless of configuration.

Designed to bring clarity and flexibility to large pendant installations, the canopy supports up to 11 pendants for the small, and 31 for pendant for the large, allowing for considered compositions across residential and commercial interiors.
