FINE LINENS

*The Folkloric Fête
Collection*

June 2026

Volga Linen Presents ‘Floral Fête’: Celebrating 30 years of timeless linen, craftsmanship, and design.

A fabric collection that draws inspiration from the rich heritage of Lithuanian folklore and dress, and pays homage to Volga’s longstanding connection to Lithuania, where our linens have been woven by trusted makers for over two decades.

These fabrics present the enduring qualities and possibilities of linen, bringing together a harmonious colour palette of Old Golds and Delft Blues, across both woven and printed designs.

Research into traditional Lithuanian costume revealed an extraordinary visual language of layered textiles and intricate craftsmanship: brilliant white blouses with voluminous sleeves and delicate embroidery, woven aprons adorned with floral motifs, striped skirts, and long woven belts resembling braids. The spirit of these garments felt deeply aligned with the Volga aesthetic – timeless, expressive, and rooted in artisanal tradition.

In addition to our Folkloric Floral print, we present a new design, inspired by a motif from the Volga archive – the ‘Sherezade’. We also present a new colour way of the Persian Poppy print.

The collection is accompanied by corresponding woven braids; characterful trims inspired by Lithuanian folk costume and a gentle nod to Volga’s archive.
