# Denise's Favorite Things

If you've spent any time in our store, or if you follow us on Facebook, you probably know Denise. She's at the heart of Yankee Quilter and loved by so many of our customers. We asked her to narrow down the tools and notions she reaches for again and again.

These are the five that made the cut.

5 Favorites.  
All Denise-approved.

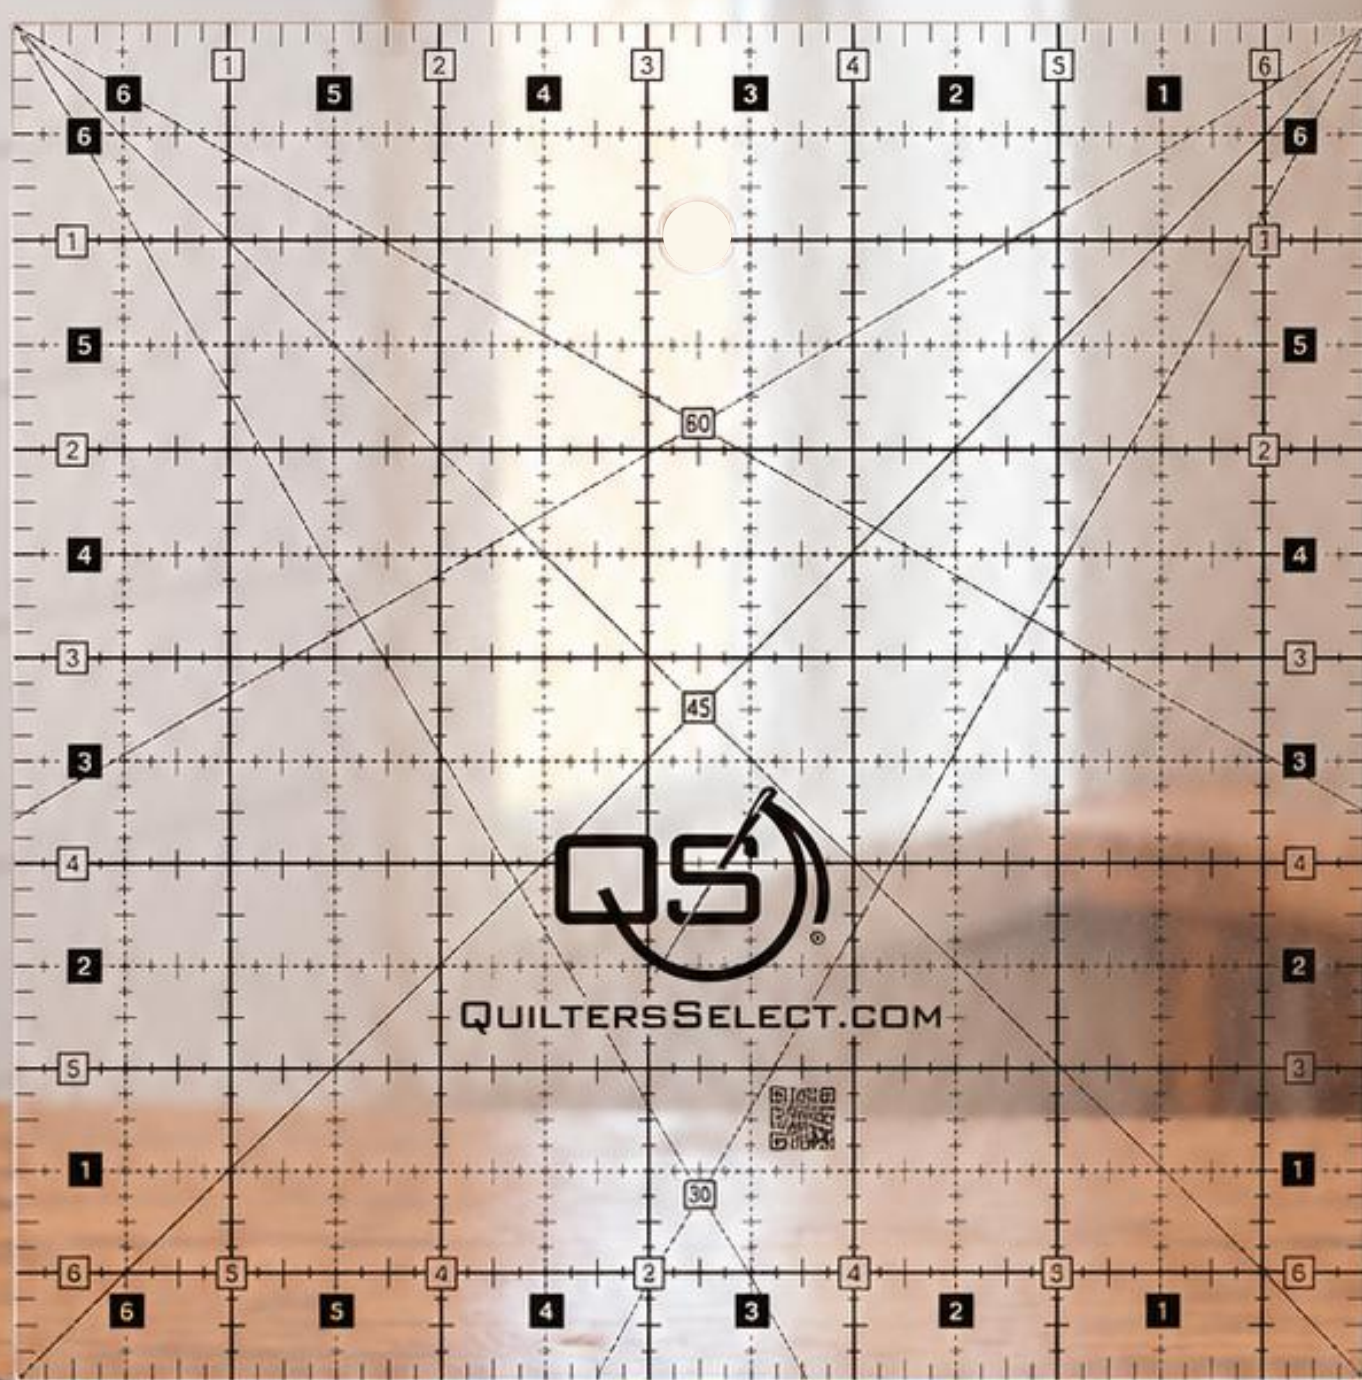

*Denise's Pick*

# Quilters Select Non-Slip Ruler

6.5" x 6.5"

“Without a doubt, the most often used ruler I own when piecing. Use it with the small white suction cup Quilter's Select Ruler Handle and it will last forever! It's one of my favorites because it has whole inches when using it one way, then you can pick it up and use it for the 1/2" side. I also love that the lines are printed so thin, you're always cutting accurately!”

– Denise

Easy-to-read lines for marking and measuring fabric, multiple angles, and a unique non-slip coating for more accurate cutting.

DENISE'S PICK

# Gypsy Quilter Purple Ruler Handle

*“Makes cutting more efficient and extends the life of any ruler with the grippy bottom. Best ruler handle for any ruler that is medium to large in size. Enough suction to hold on tight, and when it doesn't, just rinse off the suction cup and let it air dry, then re-use it!”*  
— Denise

Secure suction firmly attaches to smooth rulers or templates for stable control. Helps improve precision and keeps fingers safely out of harm's way while cutting.

# Aurifil 2600 Dove Gray

Denise:

“Rockstar of threads. Fabulous color that’s such a perfect neutral it sinks into almost any fabric color. Low lint and strong. Stranded on a desert island with just one thread - this is the one!”

# Yankee Quilter Magnetic Scissor Minder

**Denise:**

"You stick it to your machine. I have mine in the machine throat and use it for pins, tweezers, and the little Karen Kay Buckley scissors, which I use all the time when piecing. The scissor minder is thin enough that it doesn't get in the way. Love this little superstar notion so much that I bought one for every machine I own."

# OLFA 45MM

Self Closing, Ergonomic  
Rotary Cutter

## Denise:

“The best out of any I’ve used, and I have used them all. You don’t have to squeeze hard at all when using it, and when you set it down, it closes itself. Need I say that again? It closes itself. Win-win!”

## Why she loves it

- Ergonomic handle for comfortable cutting
- Dual-action safety lock
- Auto-retract blade for safety
- Integrated finger grooves designed to help prevent slippage
- For right- and left-handed users

OCTOBER IS

# Breast Cancer Awareness Month.

October is Breast Cancer Awareness Month. It's easy to say the words, but it's time to really understand what they mean. Breast Cancer Awareness is the reminder to pay attention to your body, and get those mammograms whether you think you need them or not!

Not just once in a while, every single year. Period.

Back in 2023, I was diagnosed with Stage 1B Invasive Ductal Carcinoma. I had a lumpectomy and lymph nodes removed. Those little lymph nodes were pesky and tough for the surgeon to remove. They also caused several visits back to the surgeon.

But, before surgery day, I received a homemade heart shaped pillow from the Surgeon. She said, you're going to need this. It was purple fabric with penguins. This became my best friend for 2 months.

You take the cleavage part and put it under your arm. It takes all the weight of your arm off of your breast and underarm where your incisions are. It was like a miracle drug!

**Honor someone you know, or someone you have yet to meet – and make a heart pillow or two.**

You can donate them to the Harold Leever Cancer Center, Breast Oncology Center (Dr. Seiling), or drop them off at The Yankee Quilter and we will get them to Seymour Pink.

# Working With Flannel

Five small things that make a big difference.

- 1. Start with a fresh needle.**  
Use 80/12 for lighter flannel and 90/14 for heavier layers.
- 2. Expect shrinkage.**  
Prewash yardage when appropriate, but follow pattern guidance for precuts and kits.
- 3. Help layers feed evenly.**  
A walking foot can help with bulk and shifting.
- 4. Reduce seam bulk.**  
Press gently and trim where the pattern allows.
- 5. Clean out lint.**  
Flannel sheds more than quilting cotton.
