Go-Pak International

One-Stop-Shop Product Guide

go-pak® international

member of SCGP

The future of food packaging

Manufactured in Vietnam

Go-Pak is an award-winning manufacturer and supplier providing packaging solutions to the food service, cash & carry and retail sectors globally.

We offer a variety of hot and cold food and drink packaging and accessories as well as high quality, custom print to bring your branding to life. All perfectly matched to your requirements.

We constantly evolve to provide best-in-class solutions with outstanding customer focus in high quality, and offer low MOQ (minimum order quantity) due to mixed-product containers for shipping.

We integrate sustainability features and benefits as we design, manufacture and deliver food service packaging, from farm to fork.

Bespoke branded printing **up to 6 colors,** own profile and moulding solutions available

Full-Service Partner **for Consolidation from Vietnam**

Products from Go-Pak, the SCGP Group, and approved suppliers, giving you the **flexibility to build mixed containers** in a single shipment.

As an award-winning food service packaging manufacturer, Go-Pak is proud to introduce Go-Pak International.

Instead of dealing with multiple factories or contacts, you'll work with one expert Go-Pak team to access a wider range of products - from everyday food packaging items to bespoke, branded options - all in one place. Go-Pak International combines world-class manufacturing expertise with global scale to ensure fewer complications and smoother deliveries.

go-pak® international
member of SCGP

As a long term established manufacturer, we leverage our three dedicated facilities, including two manufacturing plants in Vietnam to simplify your supply chain. Through Go-Pak International, we provide a “One-Stop Shop” consolidation service, combining Go-Pak and SCGP products with audited third-party supplies into single, mixed-container shipments. This smart solution reduces complexity by offering one dedicated point of contact for our extensive, high-quality product portfolio.

Mixed containers

Combine Go-Pak, SCGP, and approved supplier products in one shipment

More choice

Access a wider range of everyday and bespoke products

Single contact

One Go-Pak team manages everything end-to-end

Source

Combined global network providing access to a wide product range from trusted, audited suppliers

Consolidate

Everything organised through a single Go-Pak platform for clarity and efficiency

Build

Choose the exact product mix needed, from everyday ranges to bespoke solutions

“We currently ship product from Asia to the UK to consolidate, and then ship to USA for our stores there. Being able to mix containers of Go-Pak product and reduce transit times would be great!”.

Go-Pak Customer, March 2026

Bespoke Solutions for Global QSR Brands

Your Brand, Our Expertise

Join trusted QSR leaders by choosing a partner that delivers more than just packaging. Leverage our expertise to create bespoke solutions tailored to your brand, supported by the global manufacturing power of SCGP.

Our new solution Go-Pak International was created specifically to empower QSR brands by streamlining complex supply chains through expert order consolidation. By unifying your procurement, we reduce logistical friction and ensure your custom packaging arrives when and where your business needs it.

Understanding the **materials we use**

When it comes to recycling packaging materials, it's important to know the different types and **how to properly recycle them.** This quick look guide below will help you make informed choices towards packaging materials.

rPET

Made with recycled polymer with excellent transparency; **recyclable**

PE

Versatile polymer with excellent barrier lining properties for paper; **recyclable***

PLA

Bio-based plastic made from renewable resources used as lining for paper; **industrially compostable***

PP

Recyclable thermoplastic material, ideal for hot and cold food

Wood

Sourced from sustainably managed forests; **recyclable**

Paper board

Food-grade material sourced from sustainability managed forests; **recyclable**

*At dedicated facilities
