We are proud to be a Certified B Corporation!
It reinforces that together, we're delivering programs that are not only transformative for students, but also beneficial for communities and respectful of the planet.

Short-Term Programs, Long-Term Impact.

Our Health & Well-Being Challenges enable students to step out of their comfort zone whilst developing global perspectives, learning about new cultures and fostering meaningful connections with the local community.

Global Citizenship:

Broaden your perspectives, embrace cultural diversity, and ignite a lifelong drive to make a difference in the world.

Cultural Immersion:

Discover, connect & experience - dive into vibrant local cultures, learning through meaningful cross-cultural exchange.

Community Engagement:

Lead, inspire & create change - deliver hands-on projects, building skills and leaving a lasting impact on local communities.

Every Challenges Abroad program supports the goals and objectives of our international development charity, the FutureSense Foundation.

Participants on a Challenges Abroad program are therefore, not only directly impacting the community through their project, but are part of a sustainable community development initiative that will have a long lasting, positive impact.

FOUNDATION

Cambodia: Land of Wonder

Our programs are based at our Hubs in **Battambang and Kampot.** These areas are known for their laid-back charm and preserved French Colonial architecture.

Since 2013, we have supported a Supplementary Education Centre in Battambang, which provides free education to children from low-income backgrounds. Over the years, 700 children have graduated from this program, and **we have seen primary school pass rates grow from 20% to 99%!**

Day 1
Arrival

Touch down in Cambodia! Where welcoming communities, ancient temples, and the rhythm of local life set the tone from the moment you land.

After being welcomed at the airport by your group mentor, you'll travel to our Hub - your home for the next two weeks. As evening settles in, explore the town and gather for a welcome dinner. Tomorrow, the real adventure begins.

Week 1

Days 2-3
Program & Cultural Orientation

The first couple of days are all about building confidence, connection and excitement. You'll get to know our Cambodia team, dive deeper into Khmer culture and language, learn more about the communities you'll be working alongside and how your challenge contributes to long-term community development initiatives, and start planning as a team for the impactful journey ahead.

Days 4-7
Battambang

Spend four immersive days embedded in the local community, contributing your skills, knowledge and passions to our long-term health promotion initiatives. With dedicated time to plan as a team, we'll help to make sure you're ready to contribute in a meaningful way - learning just as much from the community as you share. This hands-on experience builds confidence, uncovers new strengths, and leaves a lasting, sustainable impact.

Beyond your workshops, switch off and soak up Battambang's laid-back charm and experience local culture in the most authentic way

Potential program activities:
Engaging with local health professionals, leading first aid, safety & CPR workshops with local community groups, supporting community pop-up clinics and health screenings.*

***Please note:** these activities are best suited to students in 2nd year or above, so will be confirmed once we have the full details of your team! If you're in 1st year, you could consider our Cambodia Health Promotion Challenge

Week 2

Days 8-9
Your Free Weekend to Explore!

This is your time to make the most of everything Cambodia has to offer:

👉 Sample local restaurants
👉 Wander through the infamous night markets
👉 Take a ride on the bamboo train
👉 Explore the bat caves at sunset
👉 Spend a night at the local circus (a local not-for-profit supporting local students in performing arts)

There are endless ways to soak up the culture!

We recommend spending your free weekend in Siem Reap, where you can dive into the city's rich culture and heritage. Don't miss bucket list experiences like sunrise at Angkor Wat and the floating villages of Tonle Sap - the perfect mix of adventure, culture and discovery!

Days 10-14
Battambang

These five days follow a similar rhythm to the first - contributing to health promotion activities, leading workshops, and coming together as a team to reflect on the impact you're making. The difference? You return with stronger skills, growing confidence, and deeper connections, stepping back into the community with a clearer sense of purpose. Somewhere between the first day and the last, you'll begin to recognise your own growth as a Global Citizen.

The Angkor Archaeological Park is home to over 1,000 temples - ancient wonders waiting to be explored, from the world-famous Angkor Wat to hidden ruins tucked into the jungle!
