Bloom Stool

For those who refuse to sit still.

Perfect for the classroom, the Bloom Stool is a motion seating solution that allows students to gently rock or wobble while simultaneously focussing on their school work. The rubberised base and seat feel secure and prevent slipping, even on smooth surfaces.

Bloom Stools are strong, lightweight, easy to move and easy to clean. They can be quickly arranged into a group setting or used individually in classrooms, libraries and breakout spaces.

Designed to cater to any age group, Bloom Stools are available in 310, 370 and 450mm heights. Seats come in a standard 330mm diameter for all sizes.

Whiteboard Cabinets

Optimise your storage and make learning visible.

Whiteboard cabinets are our specialty

Choose from a wide a array of cabinet bases that include cupboards, drawers, cube crates and tote trays to enhance your unit. All upper levels have adjustable shelving, hiding behind the sliding whiteboards, making them the ultimate all-in-one storage solution and collaborative workspace. Locks can be added to all drawers, doors and whiteboards for secure storage of televisions, electronic devices and other resources.

Our sliding whiteboards feature premium quality German engineered soft closing technology, improving the safety of the user by effectively minimising the risk of crushed fingers or hands. All our whiteboards are frameless and feature a solid MDF core with high quality and durable porcelain surface and sleek handles.

Depending on the combination of units you choose, the width of your cabinet can vary between 1600mm wide (being the smallest size) to the largest option of 4800mm wide.

Our 400 deep units are all 2000mm high x 400mm deep with the interior shelves of the base unit (lower section) being 400mm deep and depth in the top section (behind the whiteboards) being 290mm deep.

We also offer 600mm deep x 2000mm high cabinets which have been designed and developed especially for STEM rooms where bulkier items may need to be stored. The interior shelves of the base cabinets (lower section) are 600mm deep and the shelving behind the whiteboards being 490mm deep.
