SAFETY HIGHLIGHTS

Convenient cruising

Standard Digital Extra: Distance Assist DISTRONIC® can adapt your cruising speed to traffic flow and posted speed limits. The standard Lane Keeping Function helps keep you between the lines.

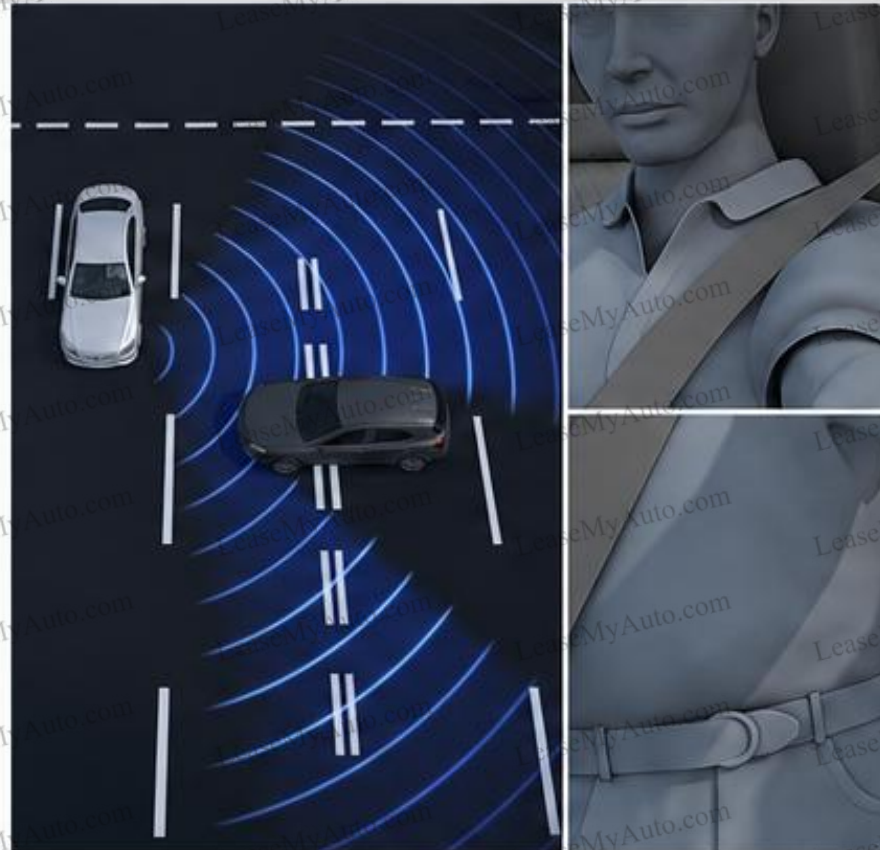

Expert parking

Maneuvering Assist helps make exiting a parking space safer. **Standard Digital Extra:** MB.DRIVE PARKING ASSIST 360 can scope out spots and park your GLC hands-free.

Proactive safety

A GLC can help protect you by taking action before a collision occurs. PRE-SAFE® can adjust the front seats and seat belts, and even prepare your hearing, in the seconds before impact.

Virtual watchdog

Digital Extra: GUARD 360° can keep virtual eyes on your car when you're not there. Along with antitheft protection, it can report to you if it gets bumped, taking photos with the vehicle's cameras.

TECH HIGHLIGHTS

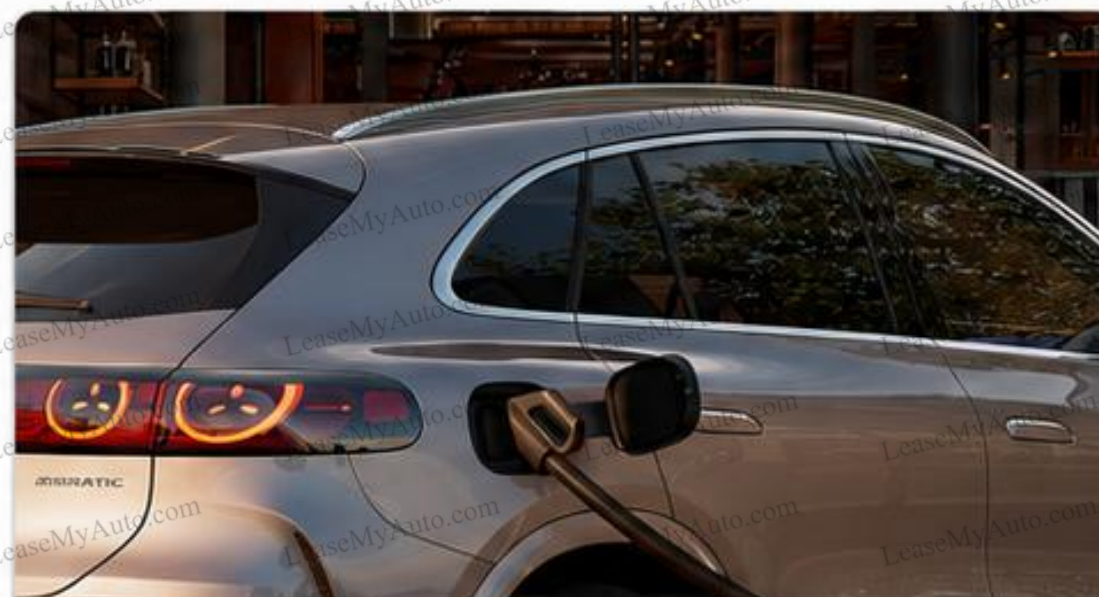

MBUX

4th-Gen Mercedes-Benz User Experience

4th-gen Mercedes-Benz User Experience

Based on the advanced Mercedes-Benz Operating System (MB.OS), 4th-gen MBUX is not just intelligent, it's clever. It listens, converses and helps out much like a human personal assistant.

DC fast charging up to 800 volts

The GLC is ready now for a fast-charging future. It's compatible with the ever-growing nationwide availability of 400V and 800V fast-charging stations, to refuel your batteries more rapidly.

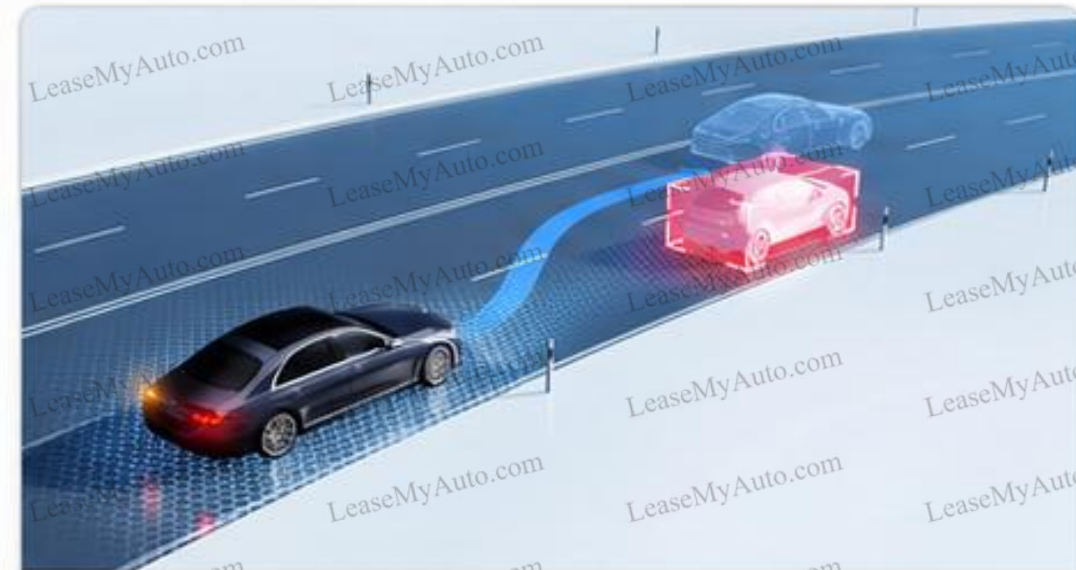

Selfie and video cam

A camera built into the dash can let you take selfies or video meetings when the GLC is parked. Facial recognition lets the car load your stored preferences from the Mercedes-Benz app.

Smoother ride, sharper turns

The Agility Package teams height-adjustable, intelligent-damping AIRMATIC® suspension with rear-axle steering that can tighten turns in town, enhance stability in highway handling.

Driven by intelligence

Mercedes-Benz driver assistance technology is an advanced suite of systems designed to enhance your comfort and confidence now and on the road ahead.
