

HOW TO INCORPORATE DENTAL 3D PRINTING SUCCESSFULLY IN YOUR PRACTICE IN **2026** (3 HOURS CPD)

Join us for a **hands on 3D printing course**
where you'll learn the complete digital
workflow through guided practical exercises.

CUT THROUGH
THE HYPE

REAL SOLUTIONS.
REAL RESULTS.

FUTURE-READY
YOUR PRACTICE

Dr. Ahmad Al-Hassiny

FOUNDER OF INSTITUTE
OF DIGITAL DENTISTRY

STRONGER TOGETHER. BETTER FOR YOU.

This event is proudly supported by **SprintRay**, a leader in dental 3D printing technology, and **Alliedstar**, a leader in intraoral scanning technology. Together they bring innovative, reliable, and scalable digital solutions to dental professionals.

A PRACTICAL, RESEARCH-BACKED GUIDE FOR DENTISTS

Join Dr. Ahmad Al-Hassiny for an evidence-based presentation on how to successfully integrate dental 3D printing into your practice. So you can work smarter, deliver more value, and stay ahead in 2026 and beyond

3D Printing in Practice

What to print today
chairside, and what's
coming next

Choosing the Right Scanner

Intraoral scanner that
fits your workflow
and goals

Digital Workflow Made Simple

From scan to smile.
Streamline, integrate
and grow
