WARIOLAC

A new product of Baran Tejarat Pasargad Co.

Description:

With a new technology and for the first time in Iran, BTP Co. using very top-notch quality raw materials and high-tech European machinery, has been able to introduce this new product to Iran. WARIOLAC is composed of top quality MDF board as core, high quality melamine decorative papers from well-known European brands on both sides of the board, and high-tech special PET transparent film (either SuperMatt or High Glossy) being laminated with PUR Reactant UV Resistant Adhesive on one side. This special PET film has got a protective layer. We do also use a protective self-adhesive foam on top.

PET Transparent Film Specs:

Very high transparency, wonderful mirror properties, anti-scratch, anti-fingerprint, anti-yellowish and very high resistance to impact & heat

Types:

Both SuperMatt and High Gloss, Uni-Color or Wood Design

Standard Size:

2800*1220*16 MM

Pallets:

20 Boards / 1 Pallet

****Any other thickness is available, based on request.**

The background is a light-colored marbled pattern with soft, swirling veins of grey and blue. Scattered throughout are numerous small, irregular gold-colored speckles, resembling glitter or dust. A thin, solid gold border frames the central white area.

GROUP 2

The background of the entire image is a vertical wood-grain pattern in a dark brown color. The grain lines are wavy and run vertically, creating a natural wood texture.

The logo for Vario Polylac is located in the top left corner. It features the word "VARIO" in a bold, black, sans-serif font, with a red triangle integrated into the left side of the letter "V". Below "VARIO" is the word "POLYLAC" in a smaller, black, sans-serif font.

VARIO
POLYLAC

The background of the entire image is a detailed wood grain pattern. It shows vertical planks of wood with a light, off-white or pale grey color. The grain is characterized by wavy, vertical lines and some darker, more pronounced knots and swirls, giving it a natural, organic appearance.
