Welcome to the Home

at 27104 Park Road, 70N

A thoughtfully crafted residence showcasing timeless architecture and refined rural living located on one of Springfield's most sought after streets in one of Springfield's most sought-after horse communities.

Picturesque grounds of flowers, shrubs and greenery welcome you as you approach this one of a kind sprawling bungalow. The singing of birds, the sound of rustling leaves and horses nickering in the distance add to the classic charm of this sophisticated residence. Wrought iron gates receive you as you approach the front entrance via the inviting private courtyard.

Upon approaching the home you will note the new 36" fiberglass entry door adorned with dual fully leaded glass side lights.

Once in the home you will discover a spacious front entry with slate stone flooring, a wide entryway closet and dual access from the interior of the home.

Forward from the entry is the main hallway and to the left a formal living room. Solid oak Hardwood flooring can be found throughout the main level.

The formal living room impresses with large fiberglass triple-pane windows (found throughout) and not one but two wood burning fireplaces constructed of brick and cinderblock. This luxurious space leads to both the library featuring a 3rd fire burning brick and cinderblock fireplace and the formal dining area which are adjoined by the bonus room which more accurately should be referred to as a "botanical showcase".

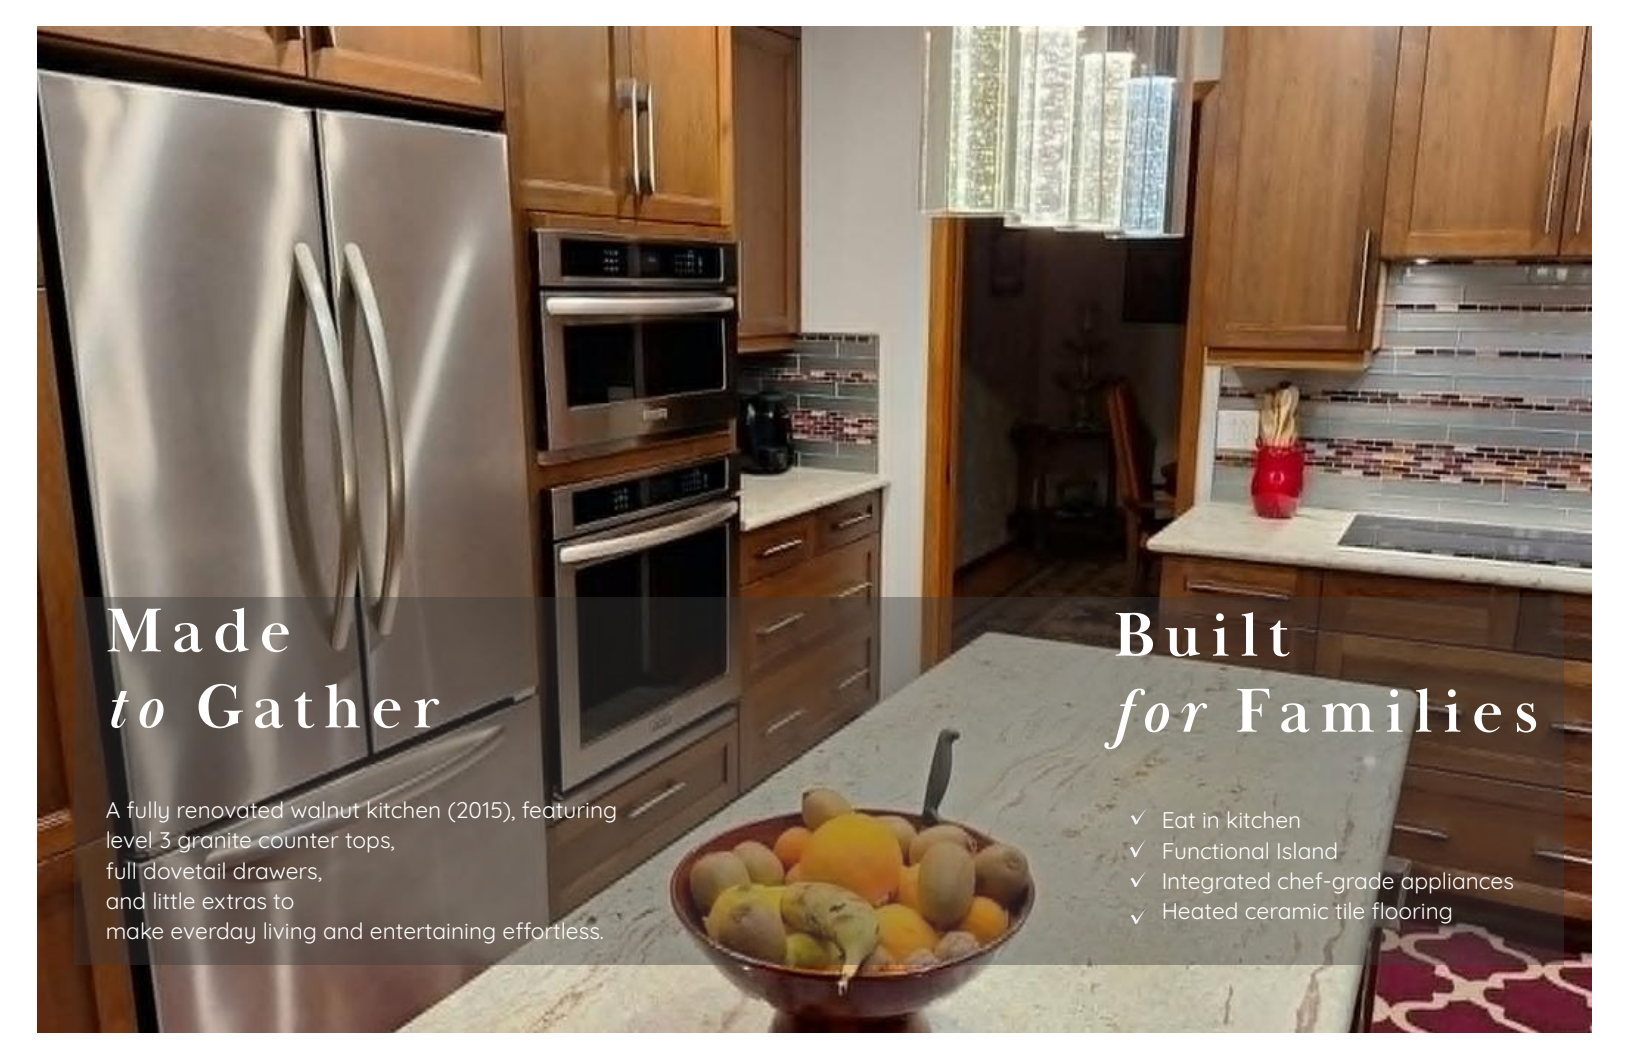

Off the dining room you will find a newly renovated eat in kitchen that will inspire you to exercise your culinary skills with gadgets and tools cleverly built in and tucked away to make cooking a joy and counters clutter free.

A comfortable, quaint family room awaits you around the corner from the kitchen and further to the left of the kitchen a powder room, and access to the basement and yard.

Down the hallway from the family room is access to the front entry, 2 generous sized bedrooms a spa like main bathroom and the abundant primary suite with walk in closet and ensuite bathroom. Wait, there's more...
