SPRING TREATMENT 2026

Phase 1, now complete.

SPRING TREATMENT 2026

PHASE 1 – GREENS & TEE BOXES

*Keeping Victoria
in prime condition*

Spring treatment is an important part of preparing the course for the months ahead. The process may cause some short-term disruption, but it is necessary to ensure healthy, resilient playing surfaces that will serve our members well throughout the season.

Our dedicated grounds team will be working methodically through each stage to restore vigour to the greens and tee boxes, improve surface consistency and enhance overall playability.

Below is an outline of the key steps involved.

VERTICUTTING

Fine blades are used to lightly slice through the surface, removing thatch and encouraging new, healthy growth.

HOLLOW TINING

Hollow tines remove small cores from the surface, improving air movement, relieving compaction and allowing water, nutrients and roots to penetrate deeper.

RAKING & BLOWING

The loosened material is raked and blown away to leave a clean surface, ready to absorb the next steps in the treatment.

SILICA SAND

A high-quality silica sand is brushed into the surface to improve drainage, firmness and overall playing quality.

GROOMING

The surface is then groomed to work the sand in and level the playing surface, ensuring an even and consistent finish.

WATERING

Deep, early watering helps settle the surface, move moisture through the profile and support strong root development.

FINAL FILLING

The remaining tine holes are filled with a sand/soil mix to restore a smooth, true playing surface.

“
*A strong surface
today ensures
better golf
tomorrow.*
”

PHASE 2 – FAIRWAYS

Following the completion of treatment on the greens and tee boxes, the fairways will next be treated to promote healthy growth and improve playability across the entire course.

COURSE CLOSURE

MONDAY 7 & TUESDAY 8 SEPTEMBER

Reopens

WEDNESDAY 9 SEPTEMBER
AT 10:30 AM

IXON®

Victoria Country Club

Wishing our **CADDY'S LEAGUE** *Champion*

PATRICK JILI

Congratulations to **Patrick Jili**
on winning the **Caddy's League**
at Kloof on 31st August.

Patrick will now represent
Victoria Country Club in the
Champion of Champions
at Kloof tomorrow,
4th September.

Should he win, he will go on
to represent in **Johannesburg**
for **KZN.**

We wish him **all the best** in
his match tomorrow and
hope he comes out
victorious!

Go well,
PATRICK!

HELP US MAKE REGGIE'S *Acoustics* *Better*

The acoustics in Reggie's Bar are poor, which means many members choose not to use this important facility.

Peter Hayter has taken the initiative to change that.

A PROJECT TO IMPROVE OUR CLUB EXPERIENCE

An acoustics engineer has visited Reggie's and recommended a solution that will make a huge difference — the installation of high-tech ceiling boards.

PROJECT COST

R110 000

MORE THAN HALF HAS
ALREADY BEEN VOLUNTEERED!

Let's get it over the line!

Peter is very confident that these improvements will greatly enhance the overall enjoyment of our main entertainment area for everyone.

**The club is unable to contribute financially at this time
as other projects have already been prioritised.**

This is where we, as members, can make a difference.

**If you would like to contribute to this important project,
please get in touch with Peter Hayter.**
