OCTOBER, 1920.

Editorial.

It is with a very deep interest that during the last few months we have watched the march of history in Central Europe; and indeed it was with more than a mere interest that we saw the Poles beaten back, right to their very capital, and then with one of the most marvellous reverses in the history of the world, stand at bay, and with a sustained fury of attack and counter-attack, repel the invader until he was forced to return to the place from which he had come. Those of us who have envisaged the facts in all their deadly seriousness can understand the magnitude of the menace, of which the fulfilment was averted, when the people of Poland heroically stemmed the westward flow of the Bolshevist hordes. But we can only hope that all wars will soon be at an end, and that Peace, long-deferred in spite of the Treaty, will reign supreme in the whole of the world.

In the meantime, however, our own island appears to be suffering from that wave of Bolshevistic spirit which seems to have passed over the whole surface of the globe. But, amidst it all, it is to be hoped that H.S.D., like a pool in the shores of a mighty ocean, will retain its tranquillity, and give an example of perfect co-operation, unity and discipline, to those parts of our Empire which are still convulsed with lawlessness and anarchy.

But, as Voltaire says, "Il faut cultiver son jardin," and we are forced to turn away from the absorbed contemplation of the events of Central Europe, of Ireland, and of other lands, and return to brutal realities which more nearly concern us, such as, for instance, the Intermediate and other Examinations, and to uncompromising facts, such as the price of football jerseys or of word-for-word translations of Virgil and Cicero.

* * *

However, the Dread Spectre of examination results has been without terror for some, and we are pleased to announce, while offering him our heartiest congratulations, that P. Coleman has won a Sizarship in Classics into Trinity College.

Also, to tell the truth, the publication of the Intermediate prize-list on the 11th of September was heralded with pleasure

by a not inconsiderable number of boys. Among the fortunate recipients of distinctions we congratulate W. C. G. Proctor on winning the medal for First Place in Science in the Senior Grade, and E. J. Weinberger on winning a First Class Exhibition in Modern Languages and the medal for first place in German in the Senior Grade, and G. I. Rush on winning a Classical Exhibition, with prizes in all the other groups, in the Junior Grade.

The percentage of passes has been satisfactory; for in the Senior Grade, out of eight candidates, five passed, four with Honours; in the Middle Grade, out of sixteen candidates, the boys who passed, numbered eight; in the Junior Grade, out of thirty-five candidates, twenty passed, five with Honours.

A complete list of distinctions obtained and a list of the pass-marks will be found further on in the magazine.

* * *

Those candidates who have been unsuccessful this year should not think that a similar fate next year is an ineluctable destiny for them, but should regard their failure as an incentive to retrieve their reputation by working solidly during the coming year. May we, with Wordsworth, exhort them:

"Transfer not to futurity a work
Of urgent need."

* * *

We have to announce a change in the School Staff. At the end of last term Mr. James resigned his post here, in order to take up a position in England, where he is followed by our best wishes. This term the vacancy caused by his departure has been filled by Mr. S. S. Evans, who is taking charge of the commercial subjects, and whom we are very glad to welcome. His record as a footballer is well known to some of us, and it is to our distinct advantage to have him as one of our games-masters.

* * *

The Editorship of the "Erasmian" is once more changing hands. R. E. McGuire, who is leaving us in order to enter Trinity College, has guided the destinies of the magazine for two years, and his departure is a loss to the School, for, as it will be remembered, he obtained Classical Exhibitions in all the grades, he has been Cricket Captain of the First Eleven, he won the medal for Gymnastics, and the Challenge Cup for the best all-round performance in the School Sports last June. He has been one of our best men on the football field, and has shown good organising powers. Therefore, as he enters upon his University career, he has the assurance of our best wishes for his success.

Although the High School did exceptionally well in the Synod Examination held last Christmas, we can yet hope to do equally well this December, and the candidates for Greek Testament particularly, should win high places.

* * *

As last year, on account of the continued high cost of production, there will be only two issues of the "Erasmian," one in October and one in February. But of course, as the School Sports took place at the very end of last June, it would have been impossible in any case to insert sooner an account of that function, and also of the Gymnastic Display held a few days afterwards. But better late than never, they are to be found further on in the magazine.

* * *

An event far fresher in our minds is the Swimming Gala which was held at the Iveagh Baths on October 5th, and we are pleased that it was such a success. It was well attended by parents, Old Boys, and other friends of the School. The ice was not thick enough to prevent the competitors from entering the water. The names of the prize-winners and the details are to be found elsewhere in the Magazine.

School Notes.

The School was re-opened after the Summer Vacation on Wednesday, 1st of September.

* * *

The "Sidney Carpenter" Memorial Prize for the Fourth Form was keenly contested, and the results show the winners to be E. N. Bardon, G. I. Rush, and B. T. Warren. The examiner was Mr. Richardson, whose scrupulous accuracy and care in marking the papers we desire to appreciate.

* * *

The following boys have been awarded Scholarships:—First Class, H. G. Yates, A. W. H. Breakey, J. L. Gray, R. K. Craig; Second Class, H. W. Dalton, M. E. Bardon, A. Cunningham.

* * *

We omitted to mention that R. E. McGuire did very well in the Sizarship Examination in Classics into Trinity College. He was, however, unfortunate in not obtaining one, for his performance was good. E. J. Weinberger also obtained a *proxime accessit* in the Modern Languages Sizarship. But, unlike McGuire, he is remaining with us another year.

Notes on Old Boys.

Since our last number appeared, the Most Reverend Dr. D'Arcy (1873-77), one of our most distinguished Old Boys, has been elected Archbishop of Armagh and Primate of All Ireland.

The Committee of the Royal Humane Society awarded its bronze medal and certificate to Mr. Simon W. Maddock (1880-85), Deputy-Lieutenant and J.P. for Dublin, in recognition of his gallantry in attempting to save a man who got into difficulty while bathing in the sea at Portnablagh, County Donegal, on July 27th. Mr. Maddock incurred great risk, as he swam out fully clothed, and with great exertion brought the man in, who unfortunately did not recover.

Lambert Drapes, B.D., sometime Rector of Kilnamanagh Union, sometime also Rector of Newtownbarry Union, diocese of Ferns, Co. Wexford, and Rev. John Powell, M.A., Rector of Howth, Co. Dublin—Captain Herbert Marshall Butler, Indian Cavalry, younger son of Joseph Marshall McDermott Butler, Esq., and Mrs. Butler, of Sutton, Co. Dublin, to Elspeth Mary Leina, only child of Major Eustace William Bagnall and Mrs. Bagnall, of Lea House, Pembroke Road, Dublin.

Athletic Sports.

Our Sports this year were fully up to the pre-war standard. They took place on Wednesday, 23rd. June, at Lansdowne Road, in fine, though rather cold, weather, and were a complete success. Space here does not permit a description of each race, and only the finals of the various races are printed. There were 111 entries for the various events—almost a record number. The Challenge Cup presented by Mr. Moore for the most number of points was won by R. E. McGuire, with 13 points; R. E. Murray came very close with 12 points, and R. D. Stephens with 10 points. The School this year had some excellent runners in Murray, Wright, Rush, and others, who belong to various athletic clubs, so that each race, and especially the sprints, were closely contested. Of the competitors, we may mention especially Digges, who jumped 4ft. 11in., Murray, who from scratch gained the 100 Yards and 220 Yards in fine style, with Wright following very close for second in each; W. S. Cunningham, who gained the half-mile; and R. D. Stephens, to whom special praise is due for his fine performance in the mile, where he beat his own handicap, ending well in front of the others. Healy had hard luck in getting cramp just before the tape in the quarter mile, and thus failing to get first place.

An innovation this year was a Tug-of-War, in which the 6th Form pulled the Rest of the School. This event was very successful, and will, we hope, be kept up. Mr. Richardson kindly presented medals to the winning team (6th Form), who won by two pulls to nil.

At the conclusion of the Sports, Mrs. E. H. Alton very kindly presented the prizes..

The Annual Gymnastic Display.

This took place on Friday, June 25th, at 5 o'clock. All available space was taken up by the near relatives of the boys performing.

The programme consisted of free-standing exercises, the Swedish boom, rope-climbing, and vaulting. The visitors watched the performance with interest. When the gymnastics were finished, the boys were arranged in Forms, and the Head Master expressed great satisfaction at the training Miss Hitchins had given the boys.

A silver medal was awarded to the best gymnast in each form, and in some Forms two were awarded. These were given away by Mrs. Thrift. The display then closed with the National Anthem.

Football Notes.

Captain—G. E. Dodds.

Vice-Captain—W. C. G. Proctor.

Hon. Secretary—C. E. G. Digges.

Committee—The above, with Messrs. Faloone, Wyon, Watson, Dillon, Evans.

With the return of the football season, the same old ques-

tion crops up—where are we going to get a team? The pessimists in the school for about a month are in their element. Why? It does not mean to say that because half the team leave there will be no one to fill their places. Besides this, no one expects boys to stay in the School all their lives, and therefore we cannot have the same team to-day as we had in, say, 1900. True, each year we lose good men, who have been of great help in their day. These should be the examples to the rising generation; we can do just as well this year as we did last year, that at least is certain; but what we want to do is to do better, and this we shall do if we only set ourselves straight at the task. Who knows but that the boy who perhaps was looked upon last year as being weak may not turn out to be one of our towers of strength? Football, in senior and junior alike proves the old saying, "Practice makes Perfect." If you were not too good last year, you will not be any better by sitting down and thinking about it. Of course turning up to practice requires just a little bit of inconvenience; but what of that? Think rather on what the old School has done in the past, and above all instil into yourselves some keenness, which is the key-note to success. We speak here especially to those boys who are now on the borderline of Junior and Senior, and who were conspicuous by their absence at most of last year's practices. It is to these we look to fill up vacant places, but we want also to fill up the places with good men. Last season it was noticed that on an average the same men turned up always; and it was certainly unfair to them, because perhaps they might not have been very good, that others who were on the team should think themselves so good that they need not turn up. Do not forget that with a little more practice we would have got into the final of the Senior Cup last year; this year we want to see the School in the finals of both Cups; there is no reason why we should not be.

As regards the Senior Team, the backs lose J. Ballagh, McGuire, and Healy, but they still have Wright, Jolley, Weinberger, who will be with us most of the season, and Dodds, the Captain. The forwards are without Hempenstall and Colwill, but Digges, Proctor, Rooney, and Bell will be with us. The Junior team is certainly at present only being thought about, but there should be no difficulty in selecting fifteen from such a large number as we have at our disposal.

The Intermediate Examinations, 1920.

The Prize List was published on the 11th September, and we subjoin a complete list of the distinctions which the High School obtained in the Intermediate Examinations of June, 1920. It is interesting to notice that all the boys who passed the examination with Honours were winners of distinctions. The results are satisfactory, and there is good cause for us to be pleased with them.

* * *

I. E. Jones was unable to do himself justice, on account of illness immediately preceding the Examinations; but we are pleased that he can go up again next year.

P. Coleman also did not do himself justice, as can be seen from his able performance in the Sizarship Examination; but we notice that he has obtained third place in Ireland in Greek.

The Middle Grade showed itself somewhat weak, but the boys of whom it was composed will probably do better next year.

May we here exhort those boys who obtained high marks on Pass Papers to strive in the coming year to take Honours in those subjects instead?

The Leinster Championships.

Among all the Leinster Schools the High School has attained a very high position in all the realms of sport; and at the function of the Leinster Schoolboys' Championships held under the auspices of the Fete for the Dublin Hospitals at Merton Park on September 25th, the High School maintained its past records in athletic performances. The distinctions obtained by the High School representatives numbered nine, and we offer our heartiest congratulations to R. E. Murray, who won the Senior 100 Yards Championship with several yards to spare; R. D. Stephens, who came an easy first in the Mile Championship; W. S. Cunningham, who won the Junior 100 Yards Championship; E. M. Wright, who won the 300 Yards Junior Championship; C. E. G. Digges, who came second in the High Jump Championship with an excellent jump of 5ft. 1in. E. M. Wright also came an extremely close second in the Junior 100 Yards; while W. S. Cunningham came a good second in the Junior 300 Yards. One of the best performances of the day was made by the High School Team, consisting of R. E. Murray, G. I. Rush, E. M. Wright, and W. H. Jolley, which won the Senior Relay Race open to all the Leinster Schools. The High School Junior Relay Team, consisting of R. G. Neill, M. W. D'Alton, C. Henson, and W. S. Cunningham, came second after a really good run by the last-named.

We have good cause to be elated at the successes of our representatives, and we should like to say here, that as regards the School in general, more interest should be taken in, and a heartier support given to, those who represent the School at places other than School functions.

Cricket Notes.

Cricket this season was, on the whole, fairly successful, and although we had some difficulty at first, we managed to get together quite a good Senior Cup team. Attendance for practice at the Square was much better than last year, but it can be better still. Some boys do not seem to realise that if they only try they can become good players. This applies especially to the Upper Forms. There are plenty of big fellows who will play Rugby in winter, but in summer prefer to play tennis rather than think of the honour of the School. This is not the right sort of feeling at all, and we would like

to add that its result was felt keenly this season, in which, if we had even two more big boys who could hit, to help us, we would have won the Senior Cup. As it was, we were knocked out by Masonic, after playing them three times.

Our Junior Cup team, after beating Wesley College, were knocked out by Earlsfort House.

Of the players we might mention McGuire, who was chosen Captain for the Interprovincial; Dodds, who has improved wonderfully, and was also picked for the Leinster side; Rice, who is getting better at the bat; and Ballagh, who, however, was not too lucky. In the Juniors, most of the scoring seemed to have been made by Isaacson, Coomber, Morton, Leach.

We would like, in conclusion, to thank Mr. Magill, who helped us considerably in umpiring matches.

The following is a list of some of the matches played:—

The High School Swimming Gala.

Our annual Gala was held in the Iveagh Baths on Tuesday, 5th October, when, in spite of the inclemency of the weather, the gallery was well filled. Although there was a smaller

number of entries than last year, some of the races were very keenly contested. At the close of the afternoon the prizes were kindly distributed by Mrs. Thompson.

Details:—

The "Under 13" Handicap (20 yards) was won by R. Whiteside (2), with H. Burchill (scr.) close behind, while T. S. Mason (4) gained the third place.

The next event was the "Under 15" Handicap (22 yards). In the final of this race, which was swum in two heats, E. R. May (3) won by a yard from J. E. Hopkins (scr.), with D. B. Good (1) two yards behind.

The "Under 16" Handicap (44 yards) was won by R. P. McGarrigle (6), while W. J. Stafford (6) and J. E. Hopkins (scr) gained second and third places.

In the Senior Handicap (66 yards) the first prize fell to N. J. Mather (scr.), who won by a touch from R. D. Stephens (1), while C. S. Draper (9) touched only a few inches ahead of E. J. Weinberger (5).

In the Open Handicap, the three competitors who swam, L. A. W. Orr (10), St. Andrew's College; R. W. Poots (scr.), Mountjoy School, and W. G. Brown (4), St. Stephen's Green School, finished in the order named.

The Old Boys' Race was won by R. W. Mather, who, in spite of a heavy handicap, easily beat L. Simon in a 66 yards race.

The 100 Yards Championship of the School proved an exciting race, in which J. E. Hopkins finally beat R. D. Stephens by two yards.

In the Diving Handicap, the winners were E. R. May, J. C. Hopkins, and R. P. McGarrigle, who were placed in the order named.

As this terminates our swimming season, we take the opportunity of thanking Mr. Wilson for his kind supervision of the baths during this and last term.
