

WE ARE LA SALLE

2026-27

WE ARE
WHERE YOUR JOURNE

WELCOME TO THE FALCON FAMILY!

Your future starts here.

High school should do more than prepare you for college—it should help you discover your purpose, develop confidence, and form meaningful connections as you learn to use your gifts in service of something greater.

At La Salle, students are seen, known, and valued for who they are and who they are becoming. Grounded in our Lasallian Catholic tradition, students are invited to deepen their faith, think critically and creatively, and lead with empathy in a diverse world.

Our forward-thinking academic program is designed to help students take ownership of their learning, reflect on their growth, and develop the skills that will prepare them for success in college, career, and life. With a focus on inquiry, real-world learning, and personalized support, students become curious, capable, and confident learners.

Whether in the classroom, on stage, through service, or across the globe, La Salle students discover what they stand for and what they can achieve together.

Here, learning is rooted in relationships, growth is grounded in values, and every student is empowered to thrive.

> “La Salle gave me the space and support **to become someone I’m proud of**.”
>
> Mason Bauer ’25

EDUCATION WITH A MISSION

Characteristics of a Lasallian Education

Our Catholic Lasallian charism is rooted in the vision and innovative spirit of St. John Baptist de La Salle, patron saint of all teachers and founder of the Brothers of the Christian Schools. In 17th century France, De La Salle pioneered an educational philosophy that still holds true today: learning is rooted in relationships. By truly seeing and knowing each student they serve, Lasallian educators open pathways for learning, maintain high academic standards, and inspire students to explore new interests.

Today, Lasallian education is global. We are proud to be part of the largest educational network in the world, encompassing over 1.2 million students and families in 80 countries.

Our inspiring core values inform our daily life at La Salle. These values are woven into the 9th-grade curriculum and reflected upon in senior graduate portfolios, serving as lifelong guideposts for our students.

Our Lasallian Core Values:

- Remember the Presence of God
- Accept Everyone / Respect All Persons
- Value the Individual
- Push Your Limits / Prepare for Life
- Respond to the Poor / Overcome Injustice

WE ARE
FAMILY

SUCCESS STARTS WITH COMMUNITY

All are welcomed and valued here.

An essential foundation for students' success is a sense of belonging. At La Salle, you're not just a student—you are a member of a close-knit family.

Community is fostered daily through diverse assemblies, affinity groups, student-led spirit weeks, and long-held traditions such as St. La Salle Day. Each empowers students to come together and celebrate their interests and identities.

Students identify as culturally diverse or students of color

"I came to La Salle knowing nobody and am leaving knowing nearly every student in the school. **It's a family I never expected to find—but one I'll never forget.**"

Lindsey Kapanoske '25

SMALL CLASSES, BIG POSSIBILITIES

Learning is rooted in relationships.

When students feel seen and supported, they're more likely to challenge themselves, reflect deeply, and take ownership of their learning. Our teachers care about students as people, and that personal investment inspires students to aim higher and reach further.

At La Salle, curiosity drives learning, growth is prioritized, and a strong sense of belonging empowers every learner. Our academic approach centers on student agency and fosters a culture of collaboration, inquiry, and reflection. Students learn to think critically, solve real-world problems, and become self-directed, reflective learners.

With rigorous honors and Advanced Placement classes, dual credit options, peer tutoring, and a dedicated team of counselors and learning support professionals, our students are equipped with the tools they need to thrive in college and beyond.

FOUNDATIONS FOR LIFELONG LEARNING

Preceding their first day as Falcons, freshmen attend a community-building retreat designed to form friendships, encourage academic interest, and prepare them for the transition to high school.

Support continues throughout the academic year, with resources like our newly designed "Learning How to Learn" course. Required for all freshmen, this course tackles the neuroscience behind learning, introducing students to higher-level thinking tools, personal learning systems, and the power of collaborative learning.

Counselors deliver grade-specific curriculum during homeroom, offering tailored resources for navigating high school. Freshmen seeking academic assistance may visit the library for peer tutoring, connecting with experienced 10th through 12th-grade students who excel in various subjects. Teachers are available during academic flex periods and before and after school.

Our proactive educational approach empowers students to be self-directed, lifelong learners and strong advocates for their own success.

ENTER TO LEARN, LEAVE TO SERVE

Our core values are more than a promise—they're our way of life.

Lasallian Ministry invites students to grow in faith, build community, and discover the joy of serving others. Through retreats, religion classes, liturgies, prayer, and service opportunities, students develop an ethical and moral compass that will guide them for life.

Our service program challenges students to look beyond themselves, respond to the needs of others, and grow into compassionate, socially responsible leaders.

Whether mentoring younger students at Lot Whitcomb Elementary, preparing meals for the houseless, or participating in immersion experiences, La Salle students gain a deeper understanding of dignity, justice, and what it means to be part of something bigger than themselves. These experiences foster personal and spiritual growth, empathy for others, and the confidence to bring about positive change.

"One of my favorite service activities is volunteering for Camp Exceptional. At this camp, kids with and without disabilities work as a team in competitive games. [It] is extraordinary in the way it gives often underrepresented children the chance to compete and have fun. **I absolutely love volunteering here!"**

SPARK YOUR CREATIVITY

Design. Create. Inspire.

Our performing and visual arts programs empower students to discover and cultivate their artistic skills through outstanding instruction and showcases. The fall play and spring musical, choir and instrumental music concerts, and visual arts courses encourage self-expression and an appreciation for the arts, giving us a glimpse of the world through student eyes.

FIND YOUR FLOCK ON THE FIELD

Supporting character development through sports.

Our coaches cultivate a positive and encouraging environment where students can grow, compete, and reach their athletic potential. With 49 competitive and club teams, our Falcons build confidence, achieve success, and foster a love of their game. Whether aiming for collegiate athletics or gaining life lessons on the field, students will find dedicated coaches and teammates ready to support their journey to success!

LEARNING DOESN'T STOP AT THE BELL

Co-curriculars turn interests into impact on campus, in the community, and around the world.

La Salle students lead, create, and connect through a wide range of co-curricular activities. Whether writing for *The Falconer*, our award-winning online newspaper, or taking the stage in our championship-winning Speech & Debate team, our Falcons develop confidence and purpose. Student government, affinity groups, clubs, and service initiatives empower students to contribute to and advocate for their communities.

We also offer unique opportunities to see and serve the world. While travel experiences vary by year, students have recently toured six countries across Europe and participated in service immersions and extracurricular competitions throughout the United States and beyond. At La Salle, the possibilities are endless.

2025

First-ever Speech & Debate state title (OSAA 5A)

"Experiences that take us beyond the classroom and into the wider world **open our eyes, challenge us to grow, and help us see ourselves**—and others—in new and meaningful ways."

Gabrielle Jones '26

GRADUATE WITH CONFIDENCE

Prepared for what's next.

Preparing students for life beyond La Salle is at the core of our mission. Over 99% of our graduates are admitted to college. Lasallian education empowers students to discover their strengths and talents, inspiring them to use those gifts to serve the world. Our graduates are confident and compassionate, fully prepared for college and life.

Our dedicated team of school and college counselors provides a comprehensive, four-year college advising program. This journey starts freshman year with one-on-one academic advising, interest inventories, and goal-setting workshops, and culminates senior year with personalized guidance through the college application and enrollment process.

Through college visits, counselor meetings, shared resources, and assistance with scholarship and financial aid planning, our Counseling Department ensures every student has college options that align with their strengths and interests.

"La Salle felt like a second home. With the support of teachers and staff, I gained confidence, learned strong study habits, and left **feeling ready for my next chapter**."
