PLACEMENT TESTING

The ISE Placement Test takes place in two stages: Oral Test & Grammar Test. The Oral Test (interview) is available for scheduling through the link <https://calendly.com/ise-ireland-dublin/your-placement-test-ise-dublin> and the student should preferably take it 02 weeks before departure. The Grammar Test (written) is now available at <https://iseireland.ie/level-test/> and the student must take it as soon as possible by selecting the Placement Test Option. We reinforce that the student will only be able to start classes after finishing TWO stages of the Placement Test and receiving the Welcome Letter in the email.

PROGRESSION TESTING & MOVING LEVEL

As part of continuous assessment, every class has a weekly progress test. Results are recorded so that we can monitor the progress of every student.

When you consistently achieve strong results in your weekly tests (at least four consecutive scores of 80% or above), your teacher will review your overall performance and learning outcomes for your current level. Level progression is subject to two criteria:

1. Teacher's recommendation
2. Availability of space in the next level

We recommend that you review all work covered in class regularly to prepare for your weekly tests. It is very important that you use English outside the classroom and take time to study.

MOVING CLASS/ LEVELS CHECKLIST (POLICY)

If a student wishes to change level before the end of the syllabus, they have the right to make a request. The student should speak to their main teacher to express this request. However, please note that before any level change can be considered, all of the following criteria must be met.

ACADEMIC CRITERIA

- **FRIDAY TEST SCORES FOR FRIDAY TESTS** – over 80% score in the past four weeks
- **CONTINUOUS ASSESSMENT CEFR LEVELS** – the student's level in the past two weeks must be AT or ABOVE the CEFR goal for the level. Please refer to the Course level – CEFR level chart.
- **REFERENCE AGAINST SYLLABUS CAN-DO STATEMENTS** - this means they must be able to achieve 80% or more against the level (so pre, inter or upper: A2, B1, B2 etc.) as well as the course/level syllabus, and NOT because they're stronger/weaker than the other students in the class.
- **BALANCED PROGRESS** - the student must be ready to move level with regards to all 4 skills (reading, writing, listening, speaking) as well as the acquired grammar proficiency and depth of vocabulary. Speaking is weighted as an important skill in a classroom using the Communicative Approach.

ATTENDANCE CRITERIA

- **ATTENDANCE** - must be over 80-85% (case by case)
- **TIME IN CLASS** – The student must have been in that level for at least eight weeks OR 200-220 guided teaching hours.

PARTICIPATION CRITERIA

- **THE STUDENT SPEAKS ENGLISH AT ALL TIMES**
- **THE STUDENT INTERACTS ACTIVELY WITH THE CLASS AND THE TEACHER**
- **THE STUDENT WORKS HARD TO IMPROVE THEIR ENGLISH** (homework, task completion etc.)
- **THE STUDENT ACTIVELY PARTICIPATES IN CLASS AND IS NOT DISRUPTIVE**

Once the above has been considered, the teacher should talk to the DoS, ADoS or

AAMD about possibly moving up or down a level. A member of the academic team will therefore consider the below:

ADMIN CRITERIA

- If the school's capacity allows for the move
- If the teacher lets us know in time – by Thur AM

SAMPLE PROGRAMME

LEVEL: INTERMEDIATE

LENGTH OF COURSE: 12/13 WEEKS

TIME: 09.00 - 12.15 X 5 MORNINGS PER WEEK,
or 13.00 – 17.00 X 4 AFTERNOONS PER WEEK.

CORE MATERIALS: ENGLISH FILE 4th ed.

By OUP ALTERNATED TERMLY WITH VOICES by National Geographic.

COURSE STRUCTURE

The course runs for 12 or 13 weeks. Please refer to the course syllabus for full details of the course content. We aim to cover one unit per week, and teachers work collaboratively to develop a weekly plan, including clearly defined learning outcomes.

ISE uses English File (4th Edition) and Voices as its core coursebooks. These methods alternate across 12- and 13-week cycles, ensuring academic continuity and variety.

This structure allows students enrolled in a 25-week course (8-month contract: 6 months of classes and 2 months of holidays) to benefit from two different methodologies during their programme.

As the number of units does not always match the total number of weeks in the term, the syllabus specifies the additional materials to be used once the coursebook units are completed, as outlined below:

Cutting Edge: Week 13 – Life Intermediate, Unit 11

English File: Week 11 – Life Intermediate, Unit 9;

Week 12 – Unit 11 and Week 13 – Unit 12

Please refer to the syllabus for further details.

COURSE STRUCTURE

Please see the syllabi for more details.

INDIVIDUAL ('6-WEEK') TUTORIALS

Week 12 Tutorial: During Week 12, students again complete a self-assessment form on the CMS. This is followed by a one-to-one tutorial meeting between the student and the teacher. After the meeting, the teacher completes their evaluation on the CMS.

TUTORIALS DATES 2026

16 February - 6 April - 25 May - 13 July
31 August - 19 October - 7 December

EXAM PREPARATION

Our courses include exam preparation lessons. From Elementary to Advanced, students receive three hours of exam preparation and/or practice per week, usually on Thursday or Friday.

The aim is to develop the skills required for Trinity ISE, FCE, CAE or IELTS exams (depending on level). Exam-focused activities are integrated into classes to build relevant and transferable exam skills. Students must sit an exam before leaving ISE.

An email reminder is sent when three months remain on the course. Students should then contact the Exams Manager to register. Registration is strongly recommended after five months on the visa, allowing sufficient time to receive the certificate before visa renewal.

STUDENT SUPPORT / DEALING WITH PROBLEMS

All of our staff members are available to support you with any problems or questions you may have. Please get in touch with the relevant staff member should you need to. Please see the information in 'Meet the Team' to find out which staff member you should contact.

STUDENT EMAIL & ADDRESS CHANGE

In order for us to contact you, we need to have your up-to-date email address. Students in Ireland are contacted using the email address supplied during the admission/enrolment process.

It is the student's responsibility to update the school with any changes to their email or postal address by emailing info@iseireland.ie or by updating their details via the Student Area.

EXAMINATIONS

All students are required to sit an exam during their course at ISE. ISE is a recognised Trinity ISE test centre. Information on Trinity ISE exams is provided during the course and at www.trinitycollege.com/site/?id=3192

Students wishing to enrol for Trinity, FCE, CAE or IELTS must do so via the Student Area and by contacting the Exams Manager, Sozina Tzepapadaki. Exams must be booked in advance (4th–5th month of the course), as places fill quickly. A €35 additional fee applies to C1-level exams.

Trinity exams are held at ISE Harcourt. IELTS and Cambridge exams are taken at external centres.

Students must sit an exam one level above their entry level (e.g. A1 → A2).

STUDENT FEEDBACK

We value student feedback and regularly seek your views to help us improve our services.

Feedback is collected in the following ways:

1. In-class feedback.

An ongoing and informal process where students may share what works well and suggest improvements, individually or as a class.

2. In tutorials (twice per term).

Tutorials focus on academic progress, not feedback on teachers. Students complete a self-assessment via the Student Area and receive individual feedback on progress and areas for improvement.

3. Whole-Class & Director of Studies meeting.

Held each term, class representatives meet academic management to discuss the overall student experience. Outcomes and actions are communicated via official channels.

4. Student Area.

Students may use the Student Area at any time to submit comments, complaints or criticisms.

COURSE MATERIALS

Coursebooks are provided for classroom use only and must not be removed or written in.

To ensure variety and benefit from different methodologies, English File and Voices are used alternately in 12-week cycles, allowing students on a 25-week course to experience both approaches.

Students are not required to purchase coursebooks, as level changes may occur.

Photocopiable materials are provided for homework and supplementary class use only.

SCHOOL RULES & CODE OF CONDUCT

The International School of English aims to provide quality education in an enjoyable and safe environment. To create a positive learning environment for all students, we ask everyone to follow these rules:

1. English Only Policy

We wish to offer our students the most fulfilling and enriching learning experience. For this reason, only English should be spoken on the school premises and on excursions. This helps develop language skills and ensures that all students, regardless of nationality or native language, can participate equally.

2. Attendance and Punctuality

Morning classes start at 09.00 and afternoon classes start at 13.00. You must be on time. Attendance will not be given if you arrive more than 15 minutes late or leave class more than 15 minutes early. Consistent late arrival or early departure of up to 15 minutes will also result in attendance not being granted. Please do not ask your teacher to mark attendance in these cases. Leaving the classroom during the lesson for an extended period of time (more than 15 minutes) will result in no attendance being recorded for that period.

3. Mobile Phone Use

To fully benefit from your classes, mobile phones should not be used during lessons, as they distract both you and others. Please keep your phone in your bag and check messages during breaks only. Phones may be used exceptionally for class-related purposes (e.g. presentations, research tasks, or dictionary use).

4. Students are required to come to class with all the required equipment and materials: including a notebook (or electronic notebook), pens/pencils and any other stationery which they need.

5. Respect is a foundation of ISE: students are asked to respect classmates, teachers and all those who work in the establishment. This includes being aware of and sensitive to cultural differences between the varied groups of people in the school, as well as making polite and mannered electronic communication with the school.

6. Personal belongings: students are responsible for all personal belongings which they bring onto the premises. Students are strongly recommended to be vigilant with the whereabouts of their possessions.

7. Cleanliness: students are required to leave classrooms, student common areas, toilets and kitchens in the way that they found it. Put all rubbish in bins, return all material to where they previously were, and take all personal belongings with them when they leave the school premises.

8. Smoking, vaping, IQOS, and similar activities are prohibited inside the school and at the front entrance.

9. ISE keeps a record of your attendance. If you are on a student visa, your attendance must be at least 85%. Please see Attendance Rules for more information.

10. Students attending ISE are expected to treat their fellow students, and ISE staff members with respect and courtesy at all times. This is expected when students are on the school premises, and when on a school excursion. No form of verbal, physical abuse or bullying will be tolerated. Discrimination against any race, gender, nationality, sexual orientation or age will also not be accepted.

11. Other unacceptable behaviour not accepted by ISE includes: selling, distributing and/or being under the effect of drugs or alcohol on the school premises or on an excursion; wilful damage to school property; filming or photographing a student or staff member without their consent; theft of school property; accessing, storing and/or sharing any offensive material which is offensive, pornographic or threatening in any way.

UNACCEPTABLE CONDUCT

ISE will take the necessary disciplinary action against any student found breaking the above stated rules regarding accepted behaviour whilst on the school premises, or on an excursion. In a situation where a student's behaviour is unacceptable, ISE reserves the right to take disciplinary action. If a student exhibits abusive or aggressive behaviour during class time, the teacher can ask this student to leave the class. The teacher will then inform the Director of Studies immediately and the incident will be logged. The student will then be asked to attend a meeting with the Director of Studies and the Director of Operations. Depending on the severity of the behaviour, the Director of Operations will issue a formal warning, a suspension, or in cases of severe misconduct, the student could be expelled and the police informed when the behaviour is criminal.

DISCIPLINARY APPEALS PROCEDURE

A student's Appeal Form must be completed by the student within 7 days should the student wish to appeal against the decision. In such cases, the appeal is considered using ISE's Complaints Policy and Procedure.

VISA REGULATIONS

The International School of English is registered with all the official organisations connected to immigration and English-teaching standards. Studying with ISE means that your necessary documentation will be accepted, provided that you meet the visa requirements, which are your own responsibility and not the responsibility of ISE.

When travelling, a valid passport (not identity card) and IRP (GNIB) Card are necessary. Students travelling to Northern Ireland should also bring the above-mentioned documents with them, and may have to apply for a UK visa in advance - students should research this if applicable.

ATTENDANCE RULES

Attendance is naturally an important part of your education, in order to learn you have to attend class. Being present and on time is respectful to your fellow students, your teacher and, of course, yourself. Attendance is also mandatory

In accordance with ILEP policy, AY (visa) students are required to arrive on time for their class. Students who arrive late will not be given attendance. A grace period of a couple of minutes is granted for students. In exceptional circumstances, students who arrive less than 15 minutes late may be granted attendance as long as a reasonable excuse is provided. Attendance may not be granted for exceptional reasons more than once in a week. Furthermore, arriving late will disrupt your class, your teacher and your fellow students.

Students are not permitted to leave class early or to be absent from class for longer than 15 minutes, this includes returning from the 15 minute break in the middle of the class.

Attendance is taken twice per class, in the first half and the second half of the class. Students are encouraged to come to one period of the class if they are unable to attend the other, as this will greatly affect their attendance.

Your attendance must always be 85% or more, according to Irish law. If your attendance falls below 75% in the first 6 weeks, ISE must tell GNIB. Attaining 85% or more attendance is crucial for visa renewal, further study, an additional visa or a re-entry visa.

Your attendance percentage changes and is updated every week. Your attendance is the number of hours you have attended class divided by the total number of hours of class.

Students who are residents of EU/EEA countries should be punctual for their classes, however, the above ILEP regulations do not apply to them.

ABSENTEEISM POLICY

Students who are absent due to illness must present a medical certificate to the Centre Manager as justification for attendance. Medical certificates cannot be accepted for historical illnesses and must be submitted within one week of returning to class; certificates submitted after this period will not be accepted.

Attendance is only excused for the following reasons:

- Medical (including COVID-19)
- A bank appointment
- A GNIB appointment

All activities connected to personal employment are not accepted as excuses.

Students are entitled to 8 weeks' holidays during their 33-week course. Holidays are scheduled at the beginning of the course by completing the Holiday Form. Once scheduled, they can only be changed in exceptional emergency circumstances. Students can only take 33% of the holidays which they have accrued during their course (e.g. a student who has studied for 12 weeks can take a holiday of 4 weeks). The minimum request for holidays is 4 weeks; no holiday of shorter duration is allowed.

ATTENDANCE OBLIGATION

Non - EU/EEA students who hold a student-work visa must have an attendance rate of 85% or more. In order to apply for a renewal of your visa at the Garda National Immigration Bureau (GNIB), you must reach this level of attendance. If you require letters for your GNIB/IRP, please contact the Centre Manager at ISE or make a request with the Student Request Form (<https://iseireland.ie/student-request-form>).

NON-ATTENDANCE PROCEDURE ON A STUDENT VISA

If a student does not comply with attendance regulations, the following procedure will be enforced.

- First warning: Issued when attendance falls below 85%.
- Second warning: Issued if there is no improvement after first warning.
- Suspension from class: If no improvement or continual absences from class.
- Expulsion from the school and notification to IRP: If the student can no longer reach 85% attendance at course completion, has failed to improve after warnings, has missed 2 weeks or more of class without explanation or has not provided medical documentation to explain absences.

ACADEMIC CALENDAR

ISE is open throughout the calendar year, except for a two-week closure during the Christmas period. Students (and staff) are entitled to two weeks' holidays (10 school days) for the Christmas break.

The academic year at ISE is divided into four semesters: winter, spring, summer and autumn. Each semester spans 12 or 13 weeks.

KEYS TO SUCCESS

- 01** Speak English as much as possible. ISE is an English speaking zone so you must speak English on school premises (in class, in the canteen, everywhere).
- 02** Participate fully in your classes. Your rate of progress depends on the effort you put in.
- 03** Remember that making mistakes is a significant part of learning. Don't be discouraged when you make a mistake, keep trying!
- 04** Maintain a positive attitude towards the customs and culture of your host country. Although things may be done differently at home, keeping an open mind will help you settle in more quickly.
- 05** Take responsibility for your own learning. Don't depend on your teacher, he/she is only your facilitator – your guide. Just attending class is not enough – you also need to study in your free time. You need to review what you have done in class and do extra study. Read the local newspaper, watch the news, join a club, keep a diary of your time in Dublin, speak English outside of the class, access learning English websites. There is so much you can do! It really is up to you to make the most of your experience in Dublin.

ACADEMIC READING TIPS

Reading is a skill that can be very difficult to improve without proper practice. One reason for this could be that as a student you simply don't read enough in your own language. Another reason might be that you don't know what techniques to use when doing each task in the exam.

There are many little tricks that you should think about when preparing for and doing each of the reading questions in **Cambridge or IELTS or Trinity Exams**.

1. USING GRADED READERS

One reason that some students don't like to read in English is because they find English novels too complicated with too much unknown vocabulary. Choose to read a graded reader instead.

What is a graded reader? Well, they are books based on the original novel and the language is adapted to different levels. What's more, they can include activities at the back of the book related to each chapter to help you understand the context and language of the text better.

After reading the book you could then also watch the movie and compare the stories. Was the movie true to the story? English-language graded readers can truly make reading more enjoyable, so taking advantage of them will really help you with your reading.

2. HOW TO GUESS THE MEANING OF WORDS YOU DON'T KNOW?

So what happens when you don't understand a word and you can't use your dictionary to look it up?

Here are a few tricks that can help you to do this:

A. Use the picture clues if provided

B. Break down the word

Let's have a look at the following sentence: The book was unputdownable. I loved it.

It contains a word that you have not seen before 'unputdownable'. So let's break it down to see if we can understand it better.

Prefix: Un = not + Phrasal Verb: Put down = to leave something down + Suffix: -able = not able to be
So if we put it all together we can see that she was not able to put down the book because she loved it.

C. Relate it to a word you know

When you don't recognise it, try to think of a word that looks similar.
For example: The movie was absolutely disastrous.

Can you think of another word that has a similar word form to disastrous?
If you got 'disaster' then you are correct.

D. Keep reading or re-read the sentence

Make sure to read the whole sentence to get the meaning of the word or even the following sentence to see if it contains any information about what the word is about.

For example: John never really got on with Jane. They were always fighting and arguing about stupid things.

We can see that the people probably weren't very friendly with each other, so "get on" could mean that they didn't have a good relationship, which it does.

Remember, though, guessing the meaning of words from their context is generally difficult. Don't forget, also, at best it will be an educated guess so you need to stay open-minded to the actual meaning.

3. USE THE PROCESS OF ELIMINATION FOR MULTIPLE CHOICE TASKS

When you have too many options, a little trick to help you get to the answer is to use the process of **elimination**.

We recommend that you make sure which answer it is not first, and cross it out so you are left with fewer options. You can use this technique even in the listening and Use of English parts of the First and Advanced exam as well as IELTS.

4. HOW TO IMPROVE YOUR MULTIPLE MATCHING TASK

One reason why this causes problems for students is usually that they don't know **what to look for** in order to answer it better. What this part of the exam is usually testing you on is the use of **pronouns** (e.g., this, these, it, he, him, their etc), and also **contrasting language** (e.g., however, but, although etc.).

If we look at the gap in the example below, we can see that they are talking about how a logo was designed. After the gap we can see "The three arrows in it look like strips of folded-over paper. What is 'it'? Well if we look at our options we can see that 'it' refers to the image in answer B.

The problem with the design I'd done earlier was that it seemed flat, two-dimensional. So when I sat down to enter the competition, I thought back to a field trip in elementary school to a newspaper office where we'd been shown how paper was fed over rollers as it was printed.

38 The three arrows in it look like strips of folded-over paper. I drew them in pencil, and then traced over everything in black ink. These days, with computer graphics packages, it's rare that designs are quite so plain.

- A Still, I'd hate to think that my life's work is defined by it.
- B I used what I'd seen to create the image.
- C I'm no expert on recycling but I can certainly see its value.

GENERAL EXAM SPEAKING TIPS

One of the biggest mistakes that some students make is that they're not fully prepared for the exam. Another mistake is that students try to sit the exam, long before they are ready. You need to adopt the techniques that will help you get good marks in the exam.

Let us set out our top tips for preparing for the speaking exams. We strongly recommend you look at them and incorporate them into your preparation for the exam.

Get familiar with what you have to do

You really need to ask yourself how much do you know about the speaking paper and have a long hard think about exactly what language you'll need to do each part of the speaking exam.

You should identify what the examiners are looking for in each part to get the band score you have targeted, and then focus on producing these while preparing and practising for your upcoming exam.

Here's a breakdown of the IELTS exam.

- Part 1 • 4-5 minutes** A conversation between the interlocutor (The person asking you the questions) and each candidate.
- Part 2 • 3-4 minutes** An individual 'long turn' for each candidate, followed by a response from the second candidate (the content will be both visual and written including spoken instructions).
- Part 3 • 4-5 minutes** A two-way conversation between the candidates (the content will be written, with spoken instructions).

You can find some more information on each part and the marking criteria in the IELTS Handbook (<https://vuonlen089.files.wordpress.com/2013/02/ielts-handbook-2007.pdf>).

Here's a breakdown of the FCE exam:

- Part 1 •** A conversation between the interlocutor (the person asking you the questions) and each candidate.
- Part 2 •** An individual 'long turn' for each candidate, followed by a response from the second candidate (the content will be both visual and written including spoken instructions)
- Part 3 •** A two-way conversation between the candidates (the content will be written, with spoken instructions)
- Part 4 •** A discussion on topics to Part 3 (the questions will be spoken)

You can find more information on how to do each part in the Cambridge First Handbook <https://www.cambridgeenglish.org/exams-and-tests/qualifications/schools/offer-cambridge-english-qualifications>.

SELF-STUDY TIPS

USEFUL WEBSITES

www.cambridgeenglish.org/learning-english/activities-for-learners - lots of short activities (5-15 minutes) which can be done on a phone. Three different levels Basic (A1-A2+) Independent (B1-B2), Proficient (C1 - C1+).

<https://learnenglish.britishcouncil.org> - great resources for self-study covering all areas. Everything is separated by level A1-C1. You can find activities to practise skills (reading, writing, speaking and listening) and also get level specific information for grammar and vocabulary.

www.bbc.co.uk/learningenglish - another fantastic resource for students. This site has a very good pronunciation section 'The Sounds of English' with videos and explanations to help you improve your pronunciation. They also have lots of different podcasts for English learners - just click the 'more' section at the top of the page to find them all.

OTHER IDEAS

Keep a 'learning journal' - every day, write down a summary of what you learned in class. What was new? What was the most interesting thing? What do you think you need to practise more?

Read in English - Choose to read something that's interesting to you- blogs, magazines, books, whatever you like.

If you're worried it will be too difficult, choose a book or article you've already read in your own language. 'Young Adult' fiction is also a great place to start -try The Hunger Games or To All the Boys I've Loved Before.
Don't worry if you don't understand all of the words, even native speakers don't always understand every word they read all the time!

Put English everywhere - It can be difficult to find time to study, put your new vocabulary words on your bedroom wall or beside the mirror in your bathroom and study the vocabulary while you brush your teeth or fix your hair.
