New Embroidery Unit

The new embroidery unit reduces noise and vibration and provides an industry-leading embroidery size of 450 x 450 mm*. The newly designed attachment for both the embroidery unit and hoops makes the setup quick and easy.

PFAFF®

Free-Arm Embroidery

With free-arm embroidery it is easier than ever to personalize ready-made items. Embroider on tubular pieces, such as baby clothes, bags and pillowcases without having to take the seams apart.

NEW

Quick Quilt Settings with Bobbin pick-up

Quilting in embroidery often requires multiple adjustments for a clean look on both sides. With this new feature, all settings are done for you. The machine turns off ActivStitch™ Technology, increases thread tension, turns off automatic thread cut and activates the new bobbin pick-up feature.

NEW

Enhanced STITCH CREATOR™

Design unique stitches wider than 9 mm from scratch or edit the machine's built-in stitches. Adjust the stitch length and width, reshape stitch patterns, or create decorative stitches with complete control. Perfect for adding signature touches, creating embellishments, or bringing your ideas to life.

NEW

PFAFF®

Fabric Selection

Set the type of fabric you are sewing and the machine automatically adjusts to the optimal settings for your chosen fabric, technique, and stitch.

PFAFF®

Exact Position with Scaling

Adjust your design's position and rotation with stitch-point accuracy, reducing the time and effort spent achieving perfect hooping. If any elements extend beyond the hoop limits, the enhanced Exact Position feature allows you to easily scale the design to fit. Scaling also makes final design parts fit easily when multi-hooping.

* Reduced noise and vibrations when compared to the PFAFF® creative icon™, creative icon 2 and creative performance™ 950 embroidery units. The industry's largest embroidery area is 450 x 450 mm when compared to Brother Aveneer, Babylock Radiance, Bernina B990 and Janome Continental M17, and requires the optional creative™ Grand Turnable Hoop.
** Some CREATIVATE features require a paid membership.

BLUE RIDGE (ROPE) BAG

Friday, September 18 • 9:30 AM - 3:00 PM

The Blue Ridge Bag is an intermediate rope tote featuring a nifty handle - with an option to wear crossbody style or as a shoulder bag! This pattern from The Mountain Thread Company features 5/16" rope, and give endless possibilities for customization - fabric wrapping, beads, fancy knots, you name it!

The Blue Ridge Bag measures approximately 6" wide, 12" long and 8" tall.

****Wondering if your sewing machine can do this?** If you have hemmed jeans/pants, sewn canvas, or stitched through multiple fabric layers with your machine, then the answer is most likely 'yes.' If you've tried to do any of the previous sewing projects and your machine gets cranky and refuses to play, this might be more of a challenge for you. But, since each machine is different, this is up to you!

This is an intermediate rope sewing project for sewists who are confident in steps like changing the machine needle, adjusting stitch length and width, pivoting, and tight turns. Prior rope sewing experience may be helpful, though not necessary.

Check out our [tutorial videos](#) to preview coiled rope basketry techniques! This pattern includes step-by-step instructions with detailed photos and graphics, plus loads of tips and tricks.

SUPPLIES:

- 40 Yards of The Mountain Thread Company's custom braided 5/16" rope (or 65 yards of 3/16" rope)
- Denim Needles size 100/16.
- One Large (1422-Yard) Spool of Aurifil Thread
- Sewing Machine with Zigzag Stitch
- Scissors
- Pins

CLASS FEE: \$50 + pattern and rope

Bring your sewing machine, scissors, pins, fabric scraps, glue stick, denim needles, and quality thread like Aurifil or Isacord, and get ready to transform simple rope into a stunning bag!
