LA VERNE *Police Department*

As the holiday season approaches, Chief Gonzalez and the La Verne Police Department want to ensure that everyone enjoys a safe and joyous time with family and friends. The hustle and bustle of the holidays can lead to increased risks, so we want to share a few essential safety tips to help you stay secure:

Always be vigilant of your surroundings, especially in crowded areas such as shopping centers and public events. Keep your belongings secure and avoid carrying large amounts of cash. Park in well-lit areas and always lock your vehicle, ensuring that any valuables are out of sight.

Home safety is equally important during the holidays. If you're traveling, make sure your home appears occupied. Use timers on lights and ask a trusted neighbor to keep an eye on your property and collect your mail. Be cautious with social media; avoid posting travel plans or updates that indicate your home is empty. Schedule a Vacation House Check on our website at LVPD.org. Additionally, be mindful of holiday decorations. Ensure that lights are turned off when not in use to prevent electrical fires and keep any flammable decorations away from heat sources. For those using real Christmas trees, maintain proper hydration to reduce the risk of fire hazards.

Lastly, holiday celebrations often involve gatherings and festivities, which can sometimes lead to overindulgence. Whatever your plans are, be sure to designate a sober driver, or use a rideshare service. Remember, driving under the influence puts everyone at risk.

By following these tips, you can help create a safer community for everyone. We are committed to ensuring that you have a happy and safe holiday season. Remember, if you see something, say something. Stay safe and enjoy the holidays!

Ⓢ FINANCIAL FORECAST

As La Verne begins Fiscal Year 2024-2025, it faces both opportunities and challenges in its financial landscape. The city's financial health is a top priority, influenced by factors like revenue streams, spending trends, economic conditions, and long-term goals. Challenges include rising inflation and fluctuating costs, which require a careful evaluation of service models. A strategic planning session scheduled for this year will involve City Council, employees, and the public to prioritize programs and projects based on available funding. Revenue sources like sales tax and property tax contribute \$27.3 million annually, supporting essential services amid economic shifts. The city maintains robust reserves and employs careful expenditure controls to ensure sustainability. Ongoing initiatives, such as the 5-year Capital Improvement Plan and strategic use of funds like the Pension Obligation Bond, aim to maintain financial stability and support community priorities.

NEW Contamination Procedures

SB 1383 requires cities to monitor solid waste containers to ensure proper sorting, as shown in the graphic below. Should the wrong materials end up in the wrong cart or bin at your home or business in La Verne, you will receive two notices before receiving a third notice with a contamination fine.

For more information, please call the Public Works Department (909) 596-8744, Waste Management (909) 599-1274 or visit the City of La Verne website, click on "Residents", "Environmental Programs", "Refuse/Waste Management" and scroll down to the "Residential" or "Commercial" section. Water Saving Tips

1. Water your lawn only when it needs it. Step on your grass... if it springs back when you lift your foot, it doesn't need water. So set your sprinklers for less frequent watering... **saves 750 to 1,500 gallons a month.** Better yet, in times of drought, water with a hose.
 2. Fix all plumbing and irrigation leaks... **saves about 20 gallons a day** for each leak stopped.
 3. Don't run the hose while washing your car... use a bucket of water and a quick hose rinse at the end... **saves 150 gallons each time.** That's a significant amount of water if you wash your cars frequently.
 4. Run only full loads in the washing machine and dishwasher... **saves 300 to 800 gallons a month.**
 5. Use a broom instead of a hose to clean driveways and sidewalks... **saves 150 gallons or more each time.** At once a week, that's more than 600 gallons a month.
 6. Don't water the sidewalks, driveway, street, or the side of your house. Adjust sprinklers so the water lands on your lawn or garden - where it belongs... **saves 500 gallons a month.**
 7. Put a layer of mulch around trees and plants. Shredded leaves/bark, peat moss or gravel slows down evaporation... **saves 750 to 1,500 gallons a month.**
 8. If you have a pool, use a cover to cut down on evaporation... it will also keep the pool cleaner... **saves 1,000 gallons a month.**
 9. Water during the cool parts of the day. Early mornings are better than evenings since it will help prevent fungus and mildew growth... **saves 300 gallons a month.**
 10. Take your car to a car wash if you can... generally, most car washes filter and recycle a high percentage of the wash/rinse water which is very resource efficient.

The La Verne Police Department is at the forefront of establishing the innovative Business Assistance for Crime Reduction (BACR) initiative, focusing on businesses susceptible to burglaries and other related property crimes.

The BACR initiative is strategically designed to bolster security through partnerships, the application of environmental design principles, the integration of cutting-edge technology, and fostering community collaboration. This initiative emerges as a direct countermeasure to the escalating incidents of "smash and grabs" affecting retail establishments along major travel routes in California. Through a blend of educational, preventative, and cooperative strategies, the BACR initiative is set to significantly uplift the security framework for businesses, thereby fostering a safer and more secure community environment.

More information about the BACR program and upcoming events will be posted on the City website. For more information, contact us at www.bacr@lvpd.org.
