

Pom Pom at Home

LIVE IN LINEN

Life's Little Luxury

WE LOVE TO SURROUND OURSELVES
WITH BEAUTIFUL THINGS!

As natives of Belgium, we naturally have a passion for everything "linen". Our fabrics are versatile; with stonewashed cotton velvet, handloomed linens, and silky bamboo. Pom Pom at Home embodies a "lived in" elegant look that is still relaxed and casual. This is the main inspiration for our unique collection which transforms everyday experiences into a sheer delight.

Pom Pom at Home embraces the essence of life's enjoyment. Its products evoke peaceful memories with a sense of romantic glamour, while its simplicity keeps everything fresh and updated.

Whether it is Pom Pom at Home's fine linens, throws, or pillows, all are made with the highest quality and attention to detail, always with a passion for beauty!

Our vision is that each of our products will fill you with delight and bring you that little touch of luxury that makes life more pleasurable.

Slaapwel,

(Wishing you "Sweet Dreams" in Hilde's native language.)

Hilde

OUR TEXTILES

Heritage Linen

A fabric rooted in tradition, Heritage Linen brings a sense of nostalgia and timeless elegance. With its textured weave and airy feel, this linen softens beautifully over time, becoming a cherished staple that's as comfortable as it is durable.

Artisan Linen

Crafted with an artist's touch, Artisan Linen celebrates the beauty of imperfection. Its hand-finished texture and subtle variations exude charm and authenticity, making every piece feel like a one-of-a-kind treasure.

Bamboo Sateen

Silky and eco-friendly, Bamboo Sateen is the epitome of modern luxury. Known for its natural sheen and buttery softness, this fabric drapes like a dream and offers unparalleled breathability, perfect for year-round comfort.

Cotton Percale

Crisp and cool, Cotton Percale is a classic favorite for those who love a fresh, hotel-like feel. Its matte finish and lightweight weave make it a breathable choice that only gets softer with every wash.

Cotton Sateen

Velvety smooth with a subtle sheen, Cotton Sateen elevates your bedding with a touch of sophistication. Its tightly woven threads provide a silky texture and a slightly warmer feel, ideal for those who love indulgent comfort.

Stonewashed Fabric

Stonewashed fabrics undergo a special washing process that gives them a soft, worn-in feel and a lived-in aesthetic. This technique enhances the natural texture of the fabric, creating a relaxed, cozy vibe while ensuring durability and low maintenance.

Mixed Blends

Mixed Blends combine the best qualities of two or more fabrics to create a harmonious balance. Offering breathable comfort, wrinkle resistance, softness, and long-lasting performance with low maintenance.

*It is the nature of the Zuma's weave to constrict in the drying process. This contributes to its beautiful texture. After machine drying you may stretch the fabric slightly back to its original size. To avoid this, hang dry or lay flat to dry.

*It is the nature of the Zuma's weave to constrict in the drying process. This contributes to its beautiful texture. After machine drying you may stretch the fabric slightly back to its original size. To avoid this, hang dry or lay flat to dry.

Environmentally Minded

Our linens are made from the finest flax fibers that are grown in the Flanders region of Belgium. Derived from the flax plant, linen requires significantly less fertilizer and water than other plants used for fibers. It's biodegradable, fully recyclable, allergy-free, and long lasting.

We work very closely with all our overseas factories, visiting each one of them on a regular basis. We maintain strong relationships with the workers there and stay in constant communication regarding everything from safety to environmental concerns.

In addition to linen, Pom Pom at Home offers alternative fibers to give our customers a range of products with various looks and feels. We are best known for our hand-loomed products made with high-quality, sustainably sourced materials, but with unique attention to detail.

Customer Service

Pom Pom at Home does a great job of recognizing that our clients come first. From designing to ordering and more, everything is done carefully with our clients in mind. Having prior retail experience, we had certain "musts" in mind when Pom Pom at Home was created. These "musts" included stocking all items as much as possible, ensuring quality products, and guaranteeing attentive service. Accomplishing these goals has built a customer service at Pom Pom at Home that is unparalleled.

All of our colors are subject to dye lot variations. For additional information, sizing and care instructions visit us at www.pompomathome.com
