**ORCHESTRA CHAIR WITH TILTING SEAT AND HEIGHT & ANGLE ADJUSTABLE BACKREST**

Orchestra chair with tilting seat and height & angle adjustable backrest. Specially designed to answer the functional, aesthetic and comfort needs of orchestra musicians.

THE SLL-100 PROFESSIONAL ORCHESTRA CHAIR COMBINES AN ELEGANT DESIGN WITH MAXIMUM COMFORT, STABILITY AND DURABILITY.

SPECIFICATIONS SLL-100

- ▶ Seat Height: **Min. 51 cm – Max. 56 cm**
- ▶ Seat Dimensions: **48 x 45 x 6 cm** (Adjustable in angle 2°/-6°)
- ▶ Backrest Height: **79 cm – 95 cm** (Adjustable)
- ▶ Backrest Dimensions: **43 x 25 x 5 cm**
(Adjustable angle/pivoting 25°/-8° approx.)
- ▶ Adjustable: **Yes**
- ▶ Net Weight: **13 Kg**
- ▶ Colour: **Black**
- ▶ Material: **Steel & Flame-retardant fabric (M1)**

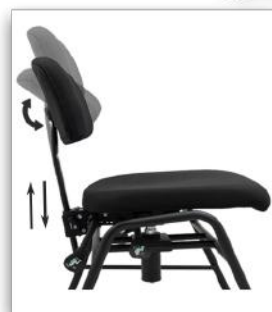

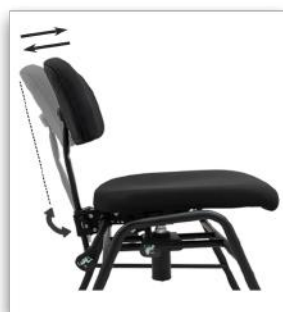

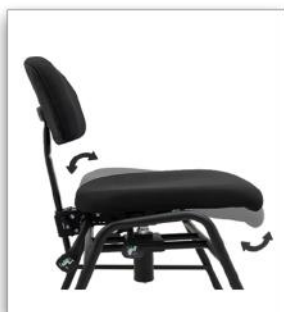

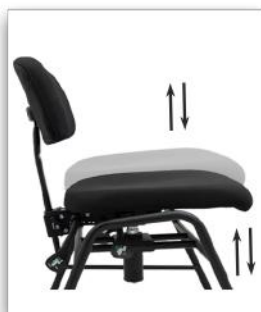

To be adjusted to all sitting positions the SLL-100 Orchestra Chair has **THREE** independent adjusting mechanisms:

- > **Backrest adjustable in angle (tilting).** It is also removable, adjustable in height, and automatically pivots to adapt to each user's unique posture
- > **Seat adjustable in HEIGHT**
- > **Seat adjustable in angle**

SEAT ADJUSTABLE IN HEIGHT & ANGLE

The ergonomic and totally adjustable design of the chair guarantees maximum comfort and gives musicians improved blood circulation to the legs, reducing the risk of leg cramps.

Our SLL-100 orchestra chairs are manufactured in sturdy steel (Ø 25 mm) coated with black, anti-scratch paint for maximum durability and a great appearance.

Their legs are equipped with articulated, non-slip foot pads to guarantee maximum stability and prevent damage to the floor.

GUIL orchestra chairs are upholstered **with breathable, flame-retardant fabric (M1/Class 1)** in accordance with UNE-EN 1021-1 and UNE-EN 1021-2 standards, providing maximum moisture evaporation.

Thanks to their special stacking design the SLL-100 chairs are easily moved around and stored. GUIL has developed a trolley for easy handling and manoeuvrability of our orchestra chairs, ref. CRO-18.

It has a special design that allows it to turn around in small spaces, making it easily manoeuvrable by a single person.

Specially designed for the easy transportation and storage of up to 6 SLL-100 chairs. Ideal to be used in music conservatories, music halls, theatres, schools, academies, etc.
