PROTECTIVE EYEWEAR

STYLE. COMFORT. VERSATILITY.

Metalmark

WHY HYSPECS?

Canada's first premium protective eyewear company.
Performance eyewear built for the trades.

TYPICAL SAFETY GLASSES

- ✕ Bulky, unattractive frames workers avoid
- ✕ High lens curvature causes visual distortion and headaches
- ✕ Fog up and scratch within weeks
- ✕ One-size-fits-none approach
- ✕ Low lens clarity, obstructs vision

HYSPECS ICON SERIES

- ✓ Style-forward frames workers **choose** to wear
- ✓ UV400 side shields — **full side-impact rated**
- ✓ Anti-fog + anti-scratch coated lens options
- ✓ Reader lenses +1 to +2.50 available
- ✓ Two fits: Medium and Medium-Large
- ✓ Prescription-ready (**Rx insert compatible**)
- ✓ Dual certified: **CSA Z94.3 + ANSI Z87.1+**

CSA + ANSI
DUAL CERTIFIED
Z94.3-20 & Z87.1+ rated
