Melteca Care Instructions

Melteca quality laminated panels are versatile predecorated panels with a durable melamine surface on both sides. Never use any of the following abrasive cleaners: Jif, Ajax, Chemico, Brasso, oven cleaners, neat Janola, wire wool, scourer pads, and paper.

Cleaning

- A soft cloth should always be used, apply cleaning products to the cloth rather than directly onto the product.
- Wash down with warm water with a small amount of detergent. For best results, use streak free glass cleaner with a soft cloth.
- For textured finishes (pearl, woodgrain and puregrain) the periodic use of a soft brush may be necessary for the removal of dirt build-ups and residues left by some spray on cleaners.

Spillages

- Hair rinse, Janola (neat) Harpic, oven cleaners – wash with hot soapy water, then wipe dry.
- Fabric dye – wash with cold water, then wipe dry. Then apply methylated spirits and wipe dry.
- Battery acid, hydrogen peroxide, glue hardeners – wash with cold water then wipe dry.
- Hair dye – wash with methylated spirits then wipe dry.
- Leather dye – wash with methylated spirits then wipe dry. Follow with mineral turpentine, wash and wipe dry.

Stain and Mark Removal

- Stubborn marks or stains – apply Handy Andy or diluted Janola (one part to three parts water), then wipe down with a warm damp cloth.
- Smearing, finger marks, marking from cold or hot dishes, stickiness – apply one or two applications of acetone (available at pharmacies) and wipe over with a dry cloth.
- Newsprint – use methylated spirits or mineral turpentine
- Rust – use vinegar or lemon juice
- Pencil – use water and a damp cloth
- Felt pen or dry marker - use methylated spirits or acetone
- Paint – use acetone or Duco Lacquer thinners (from a paint shop)
- Glue – contact type – use Ados Solvent N (from a paint shop)
- Once again with any of the above, use streak free glass cleaner to remove any residues.

Florida vinyl is an Indoor/Outdoor heavy duty vinyl with anti-brase protective surface lacquer, high abrasion resistance and UV stabilised.

Wyzenbeek 50,000+ Rubs and Martindale 100,000+ Rubs

Cleaning and care of vinyl

- To clean, wipe with soft sponge or cloth moistened in warm soapy water, then dry with a soft cloth
- Liquid spills should be blotted with a soft dry cloth.
- For other stains add a small amount of mild detergent.
- For Grease, Pen, Markers and Crayons, Isopropyl Alcohol is recommended for spot cleaning
- Prompt attention to cleaning will yield the best results
