

CHINOISERIE CHRISTMAS DECORATING

Chinoiserie Christmas

Welcome to Chinoiserie Christmas Decorating

Where timeless blue and white meets festive holiday cheer
If your idea of Christmas sparkle is more blue and white elegance than red and green tinsel, this guide was made for you.

Chinoiserie Christmas Decorating is a celebration of sophisticated holiday style — blending the timeless charm of Oriental-inspired patterns with the joy and warmth of the festive season.

Inside, you'll find inspiration for every part of your Christmas home. In the Holiday Décor section, explore ideas for dressing your living spaces with elegant throw pillows, cozy blankets, and beautiful Christmas stockings that capture the spirit of the season while staying true to your blue-and-white palette.

Move on to Table Settings & Entertaining, where you'll discover how to set a festive table that's both graceful and welcoming — from tablecloths and runners to napkins, aprons, mugs, and coasters. Whether it's a Christmas brunch or an evening of cocktails, your table will tell a story of refined celebration.

In Cards & Invitations, we'll show you how to carry the Chinoiserie aesthetic into your correspondence, with holiday cards and party invitations that are as elegant as they are joyful. Finally, the Gift Wrap section will help you finish your festive presentation with coordinated wrapping paper, tags, ribbons, and stickers that turn every gift into something truly special.

Chinoiserie Christmas Decorating is your guide to creating a holiday that feels refined, festive, and uniquely you — a season where blue and white takes center stage, and every detail sparkles with timeless elegance.
