

The journey to find my dream

-송승아-

Hello! My name is Song
Seung ah. I'm a first-year
middle school student. I like
playing the piano and I
wrote this story because I
wanted to find their dream
Thank you for reading my
book. I hope you enjoy it.

Yejin is 15 years old,
attends 00 Middle
school, and has a
worried personality.

15

Yejin likes many things,
so she hasn't chosen a
job for her future yet.

Yejin gets a career
exploration assignment
to choose a future
dream job.

Her friends already
have their dream jobs,
so Yejin worries more
about her future.

But Yejin is not sure
what she is good at or
what she likes.

Yejin's teacher says,
"You don't have to find
the right answer
quickly, try many
different things."

Yejin tries many
different activities.

Yejin finds that she
likes drawing pictures
to help people.

Now Yejin can
confidently say, "I'm
looking for my dream."

I'm looking for
my dream.

The journey to find
your dream is also
important.
