MISSION STATEMENT

Bishop Amat Memorial High School provides an excellent education to a diverse student body in the Catholic faith tradition. The comprehensive instructional program empowers students to meet future educational and life challenges. The Bishop Amat community promotes education in Goodness, Discipline, and Knowledge by teaching students to embrace the Gospel values.

THE AMAT EXPERIENCE

Dear Bishop Amat Community,

Bishop Amat's 2026–2027 school year is off to an inspiring start! Our students are already demonstrating what they will ultimately achieve as we progress toward Commencement in May.

Each September, freshmen theology students participate in a campus scavenger hunt that introduces them to school leaders and support staff. When students meet me, they must select a question to ask from their assignment. My favorite is always, "What is the best part of working at Bishop Amat?" My answer remains the

same: I love watching our students compete, perform, and grow in their relationship with Christ through athletic contests, performing arts productions, retreats, and student life.

When we reflect on our own high school years, we often remember our extracurricular experiences most vividly. We remember the goals achieved, the challenges overcome, and the friendships forged. Participation in athletics, robotics, speech and debate, and student clubs teaches us to live in communion with others. The empathy we cultivate by working closely in community helps us naturally build the Kingdom of God as we learn to love our neighbors as ourselves.

I am deeply grateful for the generous support our alumni and friends provide to our students. We remain committed to keeping tuition affordable so that a Bishop Amat education remains accessible to as many families as possible. Your philanthropy enables us to fulfill the true mission of Catholic education: educating the whole child. While we take pride in preparing our graduates for collegiate success, our calling extends further. We are shaping the foundation for future leaders of our Church and our society.

Thank you for your partnership and prayers. Please join us on campus this year for a game, concert, or play—we look forward to welcoming you!

Sincerely,

Gabriel Escovar
Principal

Technology continues to play a significant role in the Bishop Amat experience. Over the past decade—and most dramatically during and post-pandemic—Bishop Amat has continued to expand the thoughtful integration of technology into the classroom and across school operations.

STEM 1 is a course required of all ninth-graders. Through hands-on, project-based learning students develop essential digital skills while exploring AI and media literacy, online safety, ethical digital use, and research strategies. With a STEM focus that includes circuit building and interactive, engineering-based activities, the course strengthens creativity, problem-solving, and foundational skills in technology, artificial intelligence, and digital citizenship.

Technology also provides students with opportunities to develop practical skills in communication and media production. The Digital Video Production Lab gives students hands-on experience in news writing, filming, editing, and broadcasting through Lancers in the News, Bishop Amat's student-produced news program featuring packages and stories highlighting the school community. Utilizing state-of-the-art programs and equipment in the broadcast studio and post-production lab, students experience the complete process of bringing a story from concept to finished production.

Across the curriculum, teachers and students have likewise embraced digital instruction and learning in a variety of ways. The full integration of Google Classroom, together with school-issued Chromebook devices for every student, has expanded access to instructional resources, assignments, collaboration, communication, and digital learning opportunities. These tools have become an established part of the educational landscape at Bishop Amat, complementing—not replacing—the personal interaction and relationships that remain central to our mission.

Supporting learning in the digital age, however, carries an ever-expanding financial commitment. In addition to hardware and infrastructure, the school invests in digital teaching resources and educational platforms, as well as subscriptions that support admissions, marketing, communications, and other essential school operations. From the classroom to the administrative offices, the cost of maintaining current technology and providing students and faculty with effective digital tools continues to grow each year.

As technology continues to transform education and society, the school remains committed to thoughtfully integrating these tools in ways that prepare Lancers for a rapidly evolving future, while advancing our mission and the Bishop Amat experience.

Next-Gen Thinkers

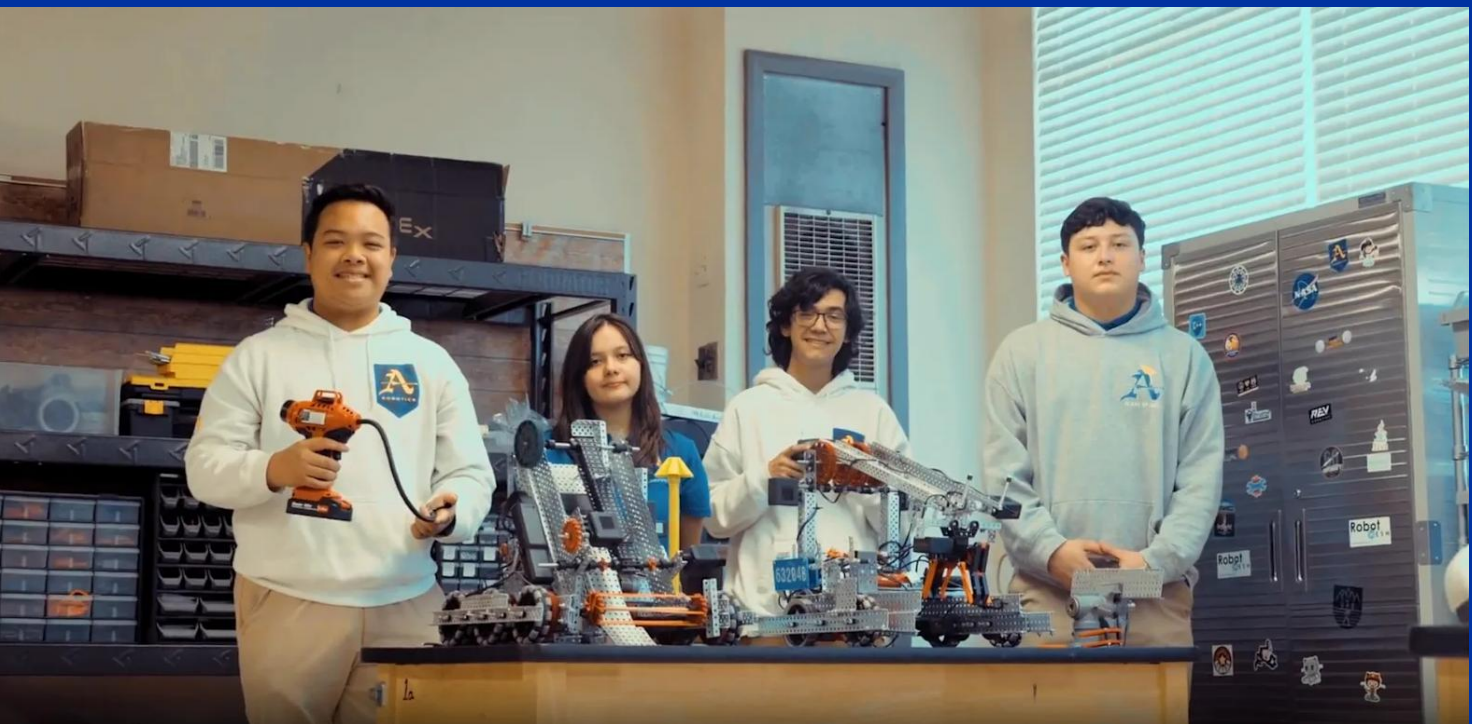

The Bishop Amat educational experience extends far beyond the classroom. The 2025–2026 school year brought a pronounced resurgence of two extracurricular programs wherein students could grow in their intellectual curiosity, creativity, commitment and accountability to their fellow team members. Participation in Speech and Debate and Robotics provide Lancers with opportunities to represent Bishop Amat in competitive settings, other than on an athletic field or court.

SPEECH AND DEBATE

The Bishop Amat Speech and Debate Team enjoyed a highly successful 2025–2026 season, competing in Public Forum, Lincoln–Douglas and, new this year, World Schools Debate. Throughout the year, students participated in local, regional and national qualifying competitions, including the Jack Howe Memorial at CSU Long Beach, the Peninsula Invitational, the Cal Invitational at UC Berkeley, and National Speech & Debate Association (NSDA) and National Catholic Forensic League qualifying events. Bishop Amat students achieved notable success at the Cal Invitational at UC Berkeley in Novice Lincoln–Douglas Debate. Maris Vega '28 captured the championship, while Sarah Richey '28 advanced to the quarterfinals and Chloe Medel '28 reached the octofinals. The team's success continued at the NSDA East Los Angeles District Qualifier, where Sarah Richey '28 was recognized as the Preliminary First Speaker and Maris Vega '28 qualified for the NSDA National Tournament. Beyond competition, Speech and Debate develops skills that serve students throughout their academic and professional pursuits, including research, writing, public speaking, persuasion, critical thinking, strategic analysis and the ability to communicate effectively under pressure.

Together, the Speech and Debate and Robotics programs exemplify the breadth of a Bishop Amat education. Whether developing a persuasive argument or engineering a competition robot, students are challenged to think critically, work collaboratively, and persevere through challenges. We are grateful to the dedicated students, coaches, mentors and families who make these opportunities possible and who continue to help our Lancers discover and develop their God-given talents.

ROBOTICS

Innovation and problem-solving were also on display through the Bishop Amat Robotics Team. Competing in VEX V5 Robotics, students applied engineering, programming, design and teamwork to design, build and program robots for competition. The team consists of engineers who collaborate with designers to transform ideas into working designs, programmers who develop robot controls and autonomous-period code, and designers develop concepts while maintaining detailed documentation in the team's robotics notebook. Students also contribute to the team's marketing and communications efforts around the campus and greater community. A highlight of the 2025–2026 season came in February, when seven Bishop Amat Robotics Team members competed in the California Region 4 VEX Robotics Championship Competition, further establishing the program's presence within the Southern California robotics community.

AMAT WILL SHINE

COVER STORY - THE SPIRIT OF AMAT

This past school year, the Bishop Amat Pep Squad and Lancer Regiment (Band and Color Guard) traveled to the Walt Disney World Resort in Orlando, Florida, to compete in the National School Spirit Championships at the ESPN Wide World of Sports Complex. Marking the first time in decades that these programs competed together on a national stage, the trip represented a milestone moment for Lancer Athletics and Performing Arts.

The headline event of the weekend was "Game Day Live," a competitive category designed to showcase authentic stadium spirit. Performing exclusively to live audio provided by the Lancer Regiment rather than pre-recorded tracks, the Pep Squad and band delivered a synchronized, 3.5-minute routine featuring spirit-raising routines, technical choreography, and the school Fight Song. Entries were evaluated on sound quality, crowd engagement, technical precision, and overall execution.

Overcoming months of rigorous rehearsal, scheduling demands, and fundraising goals, the combined ensemble delivered a flawless performance to claim the national championship. Representative sponsors from Varsity later visited the Bishop Amat campus in April to present a national championship banner and a \$10,000 award to support future program travel and competition. Beyond the title, the true reward was the lasting camaraderie forged between the two programs, a shared bond that energized school rallies and events throughout the year. This amazing achievement exemplifies the transformative student experiences donor support makes possible.

CHAMPIONSHIP CULTURE

Bishop Amat's athletic tradition is long and storied, defined by decades of championship-level achievement. The 2025–2026 winter season proved to be one of the most remarkable in school history, headlined by two CIF–SS Division 2 titles captured on the very same day, alongside a dramatic runner-up finish by the wrestling program.

On February 28, 2026, the boys basketball team faced Hesperia High School for the CIF–SS Division 2A championship at Toyota Arena in Ontario. Reflecting their season-long identity, the Lancers relied on disciplined defense, fundamental execution, and standout performances from sophomore Aiden Shaw and freshman Omar Cox-Labomme. By neutralizing Hesperia's 6'7" center, the team secured the program's first CIF title since 2002.

Later that evening, the Lancer community gathered at Veterans Stadium in Long Beach as the boys soccer team contested the CIF–SS Division 2 championship against Newport Harbor. Bishop Amat set a dominant physical tone, driven by junior Noah Guillen, who assisted on the opening goal and converted a crucial penalty kick for the second. Despite intense pressure in the final 30 minutes, the defense stood firm to seal back-to-back CIF titles.

Combined with a hard-fought appearance by the boys wrestling team against El Modena H.S. in the CIF–SS Division 5 Dual Meet Championship earlier in the month, this winter stands among the most accomplished sports seasons in school history, adding three banners to the Student Activity Center. Most importantly, our student-athletes competed with integrity, displayed exceptional resilience, and represented Bishop Amat with pride. We look forward to supporting these young men as they pursue excellence once again this school year.

Dear Lancer Alumni, Parents and Friends,

It is my pleasure to share this Annual Report edition of the Amat Tradition for the 2025–2026 fiscal year. While the main purpose of this publication is to provide our stakeholders with a summary report of our financial stewardship of the school's resources, as the preceding pages demonstrate, it also serves as an opportunity to share some of the ways in which the Bishop Amat experience continues to be a strong and vibrant reflection of the mission and ministry that has defined our school for almost seventy years. The accomplishments of Lancers past and present continue to be cause for celebration of our school and Catholic education!

It is the same mission and ministry that guides our financial stewardship efforts which, as indicated on the following page, have remained sound during the 2025–2026 school year. This stability is the result of several important factors: judicious oversight of operating expenses; the willingness of friends and benefactors to participate in our fundraising and advancement efforts; and the extraordinary blessing of fifty-four named scholarships that provide meaningful tuition assistance to our families. These scholarships, combined with our endowment trust fund and the blessing that is the Catholic Education Foundation, are essential to our present and future financial health and have enabled us to maintain a healthy enrollment of over 1,000 students. Without the generosity of those who have established and sustained these sources of tuition assistance, maintaining our dynamic and accessible high school experience would be considerably more difficult, if not impossible, for many Bishop Amat families.

As detailed in the Financial Review, we concluded the 2025–2026 school year with a healthy operating surplus despite the ever-increasing costs associated with maintaining the Bishop Amat experience our students deserve. This achievement reflects the careful work of our ninety-two teachers, staff members, administrators, and advancement team members, as well as the continued generosity of our donors who give of their resources, time, services. So many of our supporters have a lasting connection to Bishop Amat, and we are especially grateful that alumni, past parents, and former faculty members continue to remain part of the Lancer family long after their immediate connection to the school has ended. It is our collective commitment to provide our young men and women with a comprehensive Catholic education, rigorous academic offerings, and an extensive program of extracurricular activities that drives our work and enables us to invest in facilities, technology, and campus improvements that remain true to our school's mission – and for that, I extend my most sincere gratitude to you!

As we look to the future, I remain committed to ensuring that the resources entrusted to Bishop Amat are used wisely, responsibly, and effectively for the benefit of our students and the advancement of the Amat tradition. Thank you for believing in Bishop Amat. Thank you for your generosity, your prayers, and your continued support of the Amat family. Most of all, thank you for helping ensure that the mission entrusted to Bishop Amat nearly seven decades ago continues to flourish.

Together, we will continue to provide present and future Lancers with the opportunity to grow in Goodness, Discipline, and Knowledge and to go forth into the world with faith in God, confidence in themselves, and a commitment to be of service to others.

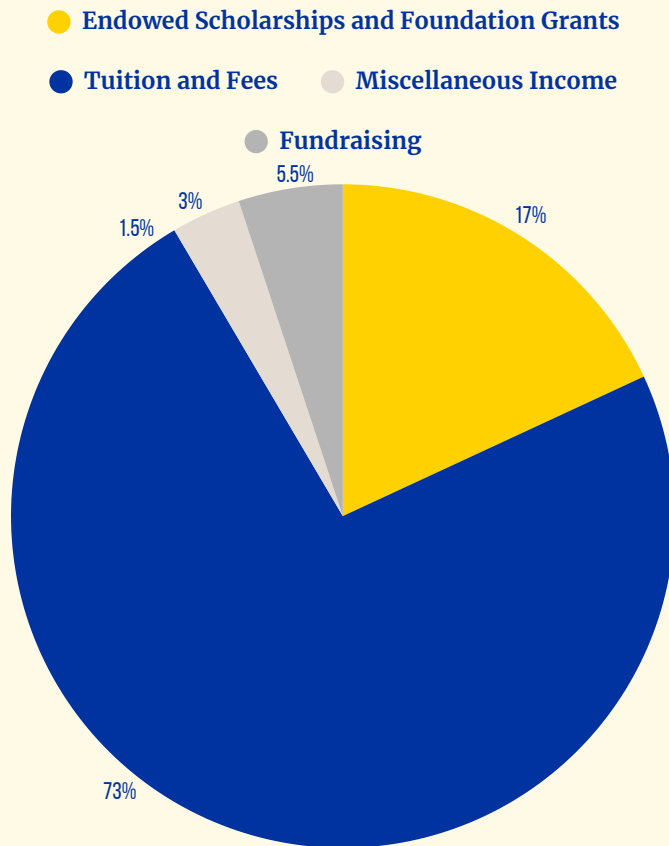

With gratitude,

Richard Beck

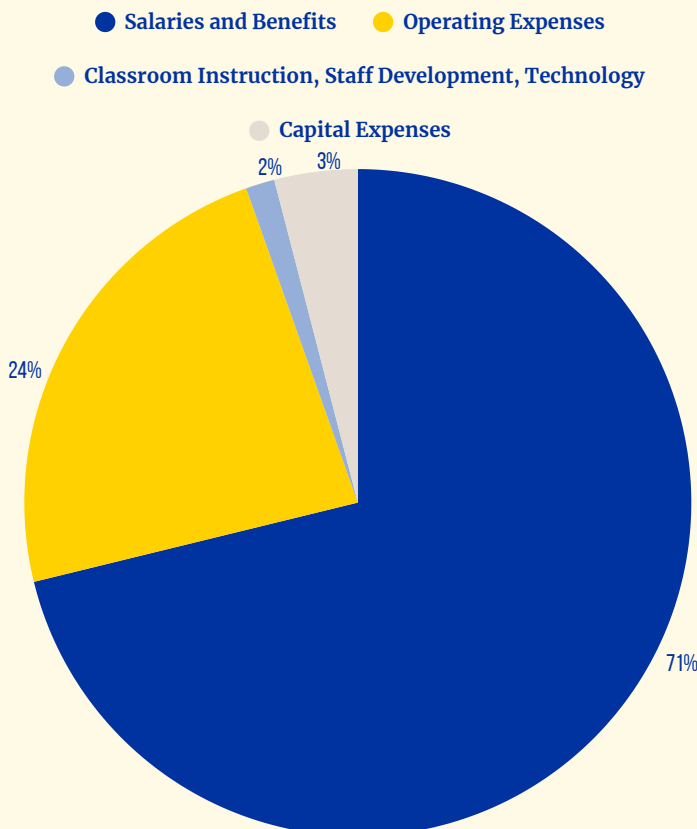

10 President

HELPING MAKE AN AMAT EDUCATION POSSIBLE

At Bishop Amat, we believe a quality Catholic education should be within reach for families who value the opportunities, community, and foundation that an Amat education provides.

We understand that the cost of tuition can be a significant consideration for families. That is why Bishop Amat is committed to providing financial aid and scholarship opportunities to help make an Amat education possible for more students.

YOUR SUPPORT HELPS MAKE THAT POSSIBLE.

Through generous donors, scholarships and financial aid provide meaningful assistance to families and help ensure that deserving students have the opportunity to become part of the Amat Family.

Every gift makes a difference — helping open the door for a student to learn, grow, and experience the education and community that make Bishop Amat so special.

OUR LANCER LEGACY: ALUMNI STORIES OF BISHOP AMAT HIGH SCHOOL

The Bishop Amat experience is a journey rooted in faith, tradition, excellence, and community. Every Lancer has a story — a journey shaped by meaningful experiences, lifelong friendships, and the values learned at Bishop Amat High School.

YOUR STORY, OUR LEGACY

Every Lancer has a story, and we want to hear yours. With more than 21,000 living alumni, we know it would take years to sit down with each of you individually. As we prepare to celebrate Bishop Amat High School's 70th Anniversary beginning in August 2027, we are launching a special project to preserve the stories and experiences of our alumni in your own words.

These memories will be compiled into a commemorative book celebrating the lasting impact Bishop Amat has had on the lives of our alumni and the community we have built together. Every year that passes without capturing these stories is an opportunity lost, and we are excited to begin preserving them now for future generations of Lancers.

SO WHAT LANCER STORY WILL YOU TELL?

- Did a special faculty or staff member have a profound impact on your life?
- Did you find your Lancer sweetheart at Amat
- Have connections you made on campus turned into lifelong friendships?
- Did you participate in a sport or activity that shaped you?

PCI PARTNERSHIP

With our limited resources, we'd never be able to tackle a project like this. By partnering with PCI, we're able to access their trained staff of real, live human beings who are excited to listen to what you have to share. Please note, we have only shared your contact information with PCI in conjunction with this project. We have NOT sold your contact information, or otherwise used it for outside marketing purposes.

HOW TO SHARE YOUR STORY

Alumni will be receiving a postcard and email from PCI with more information on how to share their story. Stories will be collected via a phone call with a trained member of the PCI team.

If you did not receive a postcard or email, you may call in your response: 855-912-1750
