David H. Brown

David H. Brown, author and historian.

Only Death: Tragedy in Williamsburg is a historical-fictional novel based on an actual event that occurred in Williamsburg County, South Carolina, in the year 1870. Some names have been changed, and some events have been embellished and expanded upon. Overall, this is what happened leading up to a very tragic climax. It started out as a friendly competition between two former Confederate soldiers for the hand of a lovely young lady. Over time, the competition developed into a feud and progressed to the point where a challenge to a duel was issued. One of the young men was very intelligent and highly educated. The other was a simple farmer. The challenge led to the death of one of these young men. One was the writer's great-grandfather. The writer was told this story over a half century ago by his grandfather. He feels that the story must be told so that others may learn what arrogance, obstinance, and vanity can lead to.

She spent her childhood at the top of the summer reading list challenge, devouring everything from biographies and Nancy Drew mysteries to C.S. Lewis and The Scarlet Letter. Inspired by a high school English teacher's belief in her potential and captivated by Pat Conroy's "The Water Is Wide," Patricia's passion for writing was ignited. Despite a major setback in 2014 when she faced overnight paralysis from a rare medical abnormality, she wrote her first book, a memoir that many find incredibly inspirational. The cabbages, tomatoes, onions, peppers were hand chopped to the right consistency, cooked patiently and flavored with love. This process continued until 2012 when Mother received a food processor. We are proud to keep this family recipe alive by offering you the best tasting Chow Chow in the South.
