I am beyond grateful that our School gets to offer this professional training of Maharani Academy in Europe, rooted in the Svaka Vanisya Ayurveda lineage and led by Corinna. ~ Riim Lagerwerf

When I completed my panchakarma Therapist training almost 10 years ago, I did not yet know about the Svaka Vansiya Ayurveda Lineage. Now that I do know it, I feel it is truly a blessing that Corinna is able to pass on this knowledge in Europe.

Her experience and love for Ayurvedic bodywork is so evident when you see her work with students.

Ayurvedic Sacred Bodywork™ is the signature style of treatment developed by Corinna Maharani, founder of the Maharani Academy, a modern Ayurvedic Academy rooted in a living tradition, as it is offered through the lens of a living lineage, the Shaka Vansiya Ayurveda tradition (SVA) as preserved by Vaidya R.K. Mishra.

This training combines her 35 years of clinical practice with Ayurveda, PanchaKarma and Marma therapy, with two decades of teaching experience into one smooth, impactful training experience.

Corinna Maharani

Corinna Maharani is a certified Ayurvedic practitioner and educator with over 30 years of experience in teaching and practicing Ayurvedic Sacred Bodywork™, Marma Therapy and PanchaKarma.

Her legal name, "Maharani," means Great Queen, chosen because she wanted to reflect her devotion to the power and blessings of the Divine Feminine as well as honoring the principles of treating others with noble respect.

She graduated from one of the first Ayurveda programs held at the Maharishi International University in Iowa in 1989. There she also met her lifelong teacher Vaidya R.K. Mishra, who is considered to be one of the most brilliant minds in Ayurveda history. She remained being his devoted student for 25 years and he taught her directly from his ancient lineage, the SVA lineage (Shaka Vansiya Ayurveda).

For fifteen years, Corinna was the director of the Pancha Karma educational program at the Kanyakumari School for Ayurveda, in Wisconsin. There she taught hundreds of students the Art of Ayurvedic Bodywork and PanchaKarma. Many of whom have since then successfully operated their own Ayurveda businesses and work all around the globe in Spas and Clinics.

She launched the Maharani Academy in 2010, an international school for Ayurvedic Bodywork, that teaches vocational trainings both Online and live, in Santa Barbara and some of the world's most beautiful places. The Academy offers in-depth certified training to those who feel called to spread the light of Ayurveda. Corinna's primary goal with this work is to deepen the understanding of this holistic science and to help lay people and professionals alike to apply these ancient principles toward health and healing. Corinna also owns her own Ayurvedic product line and is a frequent public speaker and published writer on the topic of Ayurveda.

The SVA Lineage

Vaidya R.K. Mishra's family lineage served as Raj Vaidyas, personal doctors to the royalty of India, who preserved their medical knowledge even through the Mogul era, when most Ayurvedic Sanskrit texts were destroyed.

SVA stands for Shaka Vansiya Ayurveda and originated on one of the islands of Sri Lanka, called Shaka.

Ayurveda originated over five thousand years ago within the Vedic civilization of India and is regarded as one of the world's most ancient systems of healing.

While much of what is known today is drawn from classical texts that have survived through centuries of historical change, certain lineages preserved their knowledge through continuous oral transmission. Shaka Vansiya Ayurveda is one such living tradition, carried forward through the family lineage of Vaidya R.K. Mishra.

This lineage is said to extend back over 120 generations and is referenced in ancient Vedic literature, including the Puranas. As a direct successor, Vaidya R.K. Mishra dedicated his life to preserving and sharing this depth of knowledge. His teachings continue to be carried forward by his students and lineage holders around the world.

It is from this living tradition that Corinna shares her love and understanding of Ayurveda.
