

Selected Cases

Jan 2026 Edition | Ongoing Updates

- Exterior Works
- Exhibition
- Furnishings
- Functional Essentials

Material advantages

- **Weather Resistance** : Built to withstand prolonged exposure to sun and rain without deforming.
- **Waterproof & Corrosion-Resistant** : Inherently moisture-proof, mold-resistant, and non-absorbent. Its anti-termite properties significantly reduce maintenance costs for aging walls.
- **Healthy Living Space** : Free from formaldehyde, plasticizers, and heavy metals. We create a non-toxic sanctuary and a safe shield for your everyday life.
- **ESG Carbon Reduction** : Our low-carbon manufacturing process and 100% recyclability contribute to Scope 3 emissions reduction for sustainability reporting, transforming industrial waste into high-value ESG assets.
- **Total Circular Economy Commitment** : Implementing a zero-waste path of "Recycle → Manufacture → Use → Re-recycle"

Catalog Contents

★ Perfect for Beginner Workshops
