LUXURIOUS AURA

Comfort takes centre stage with the cosy Nibor, an eye-catching chair with a light and airy presence. Its luxurious appearance enhances any hospitality setting and invites good conversation over a delicious cup of coffee, relaxed after-dinner moments, or endless cocktail sipping. Mix and match with colours and upholstery to create the perfect atmosphere that seamlessly fits your concept.

NEW (S) LUCA SC | AC

SUBTLE ELEGANCE

The striking interplay of lines in the steel Luca reveals a subtle elegance behind its bold first impression. Richly upholstered, Luca allows your guests to comfortably enjoy a spontaneous wine and dine or an intimate tête-à-tête. With the frame flowing seamlessly into the armrests, this chair envelops you completely. Prefer more freedom of movement? That's possible with the armless Luca. Together, the Luca chairs offer something for everyone.

SMOOTH LINES

We hold sustainability in the highest regard. The shell of the Sparky — designed by Frans Schrofer — is made from recycled PET felt and pressed completely without adhesives. The frame follows the smooth contours of the seat. This armchair doesn't come alone: we are also introducing an armless chair and a stool. Meet this sparkling family.

AVAILABLE COLOURS

PRIMA BALLERINA

Plié, Jetés, Chassé, and Arabesque. The resemblance to the silhouette of a prima ballerina in the fifth position makes the height-adjustable Ballet base both elegant and eye-catching. Its delicate pleated lines might suggest otherwise, but this sheet steel beauty — with a round base — won't miss a single dance and stands firmly on the ground.

NEW (S) **CAPSULE LTB | HTB | 2 TB**

A REAL CHAMELEON

The seemingly stacked parts of the Capsule, made of steel, can each be painted a different colour. This makes the table base - a design by Studio Satelliet for Satelliet Originals - a multi-purpose chameleon. We are expanding the collection with a low and high version, so that the radiant Capsule can be used for any seating height.

REBEL MEMPHIS

In the 1980s, a group of quirky interior designers made waves with products that had an illogical combination of geometric shapes, bright colours and all sorts of patterns. Source of inspiration for the sleek, stylish Memphis. Play with lines, shape and colour and create your own style.

NEW **MEMPHIS RND 45 TB | SQ 40 TB**

NEW **PIRAN 2 TB | TB**

REFINED GRACE

'Simple is the hardest,' a wise football legend once said. The accessible, cast-iron Piran is the epitome of that. Vary the foot size, a single or double column and a top of your choice. The surprisingly subtly designed Piran will willingly and easily adapt to the user's style and taste.

NEW (S) MILA AC

DEAR MILA

This particular, wooden chair owes its title to the Slavic and Latin origins of this name. Mila means loved and this Originals armchair certainly is. The round, friendly shapes seem to hug and reassure you. With the Mila in your interior, everything will be fine!

LOVELY LORY

Lory is a nod to the seventies and puts your mind right back in school at a spirited maths lesson. The pass shape is both aesthetic and practical. The sturdy Lory is made of solid ash and available in wenge as standard. Seat, back and armrests can be upholstered for an extra soft touch.

NEW RAFF SC

EASY PEASY

Bold and approachable, that's the Raff in a nutshell. This no-nonsense chair, made from fresh beech wood and paired with warm upholstery, is a true crowd-pleaser. No matter where or how you place the Raff, it will always exceed your expectations. "Easy peasy" is its nickname.

UNIQUE STYLE

Luxurious and artisanal, thanks to the handcrafted woodturning: with the 05 and 06 bases, you can create any barstool you desire. The stylish brass plate and footring, combined with either a vertical or ball column, give an instant club feel and an Art Deco vibe. Pair with a luxurious Darford, Waldorf, Circle, or Abbey seat to create your own unique style and atmosphere. They feel equally at home in a secret society or speakeasy bar as they do in a luxury restaurant.

Ibiza vibes, that's what the relaxed Xava exudes. This model, with its woven rope, is spot on trend and tout hip. NOSTALGIC SEATING

Steel outdoor furniture, coated in a variety of cheerful colours. A trend that filled the garden and park scene around 60 to 70 years ago. The classic garden chair that inspired our contemporary aluminium Girola terrace chair has its origins from that period. With the addition of an armchair, a stool, and a lounge chair, the Girola has developed into a complete product family for the terrace. And with great success! Four contemporary colours have been added to the palette: Grey Beige, Powder Blue, Basil Green, and Sand Yellow.
