EDITOR'S NOTE

Welcome to the September edition of the Cross Ocean network newsletter. Me, Lisa and Heidi recently hosted a full day of one to one meetings and lunch ahead of Breakbulk Americas in Houston where we had a booth in the media lounge alongside our sister publication Project Cargo Weekly. It was great meeting with members, service providers and new contacts. See the group photo below.

Shipping line contacts from Breakbulk Americas can be [found here](#), (must be logged in). The focus is on **shipping lines that are freight forwarder friendly**, meaning they are not in the practice of trying to contact your customers / shippers directly. On the list you will find HMM, ONE Line, dship, Hyundai Glovis, OOCL, NYK, American Roll-On-Roll-Off Carrier, RORO Shipping Company and Volans Maritime.

We continue to host **online one-to-one meetings on Wednesdays**, see the scheduled meetings for October, November and December on page three of this newsletter and as usual contact [Heidi](#) to sign up for an online meeting.
