THE HEART OF THE OCEAN QUILT PATTERN

The Heart of the Ocean Quilt (70 1/2" x 70 1/2") is designed to celebrate the magic of the sea. In this quilt, traditional piecing comes together to represent fish, turtles, seahorses, jellyfish, crabs, lobsters, a whale, an octopus and more!

While this quilt is designed to look stunning in a curated 3-color palette, the fabric requirements and cutting guides are provided block-by-block. This makes it easy to get creative, dive into your stash, and mix up the colors however you desire.

TRADITIONAL PIECING - SKILL LEVEL 3

Small pieces, diagonal piecing & points to match

Dive into a deep-water sanctuary where your love for the sea takes center stage.

The Heart of the Ocean Quilt (70 1/2" x 70 1/2") is a celebration of marine life, reimagined inside a magnificent, framed heart. This traditionally pieced masterpiece brings together a majestic humpback whale, playful crabs and lobsters, darting fish, a watchful shark, gentle turtles, drifting jellyfish, seahorses, a clever octopus, and a classic anchor.

Organized by block, this pattern is divided so you can easily create a sophisticated limited 3-color palette or go wild with different colors in each block. It is the perfect subject for a structured block-of-the-month journey or a social sew-along. See inside for the fabric requirements broken down by block, and let your ocean sanctuary come to life!
