

Summer Holiday Creative Craft Workshops

Experience hands-on creativity
at Sidcot School this summer.

Embark on a journey of artistic exploration every Wednesday, where each session introduces a new craft. From crochet to hand sewing, lino printing to textiles, designed for young creatives aged 9-14, these workshops offer a supportive environment to develop skills, express individuality, and connect with others.

Workshop Highlights:

Diverse Craft Focus: Each week, delve into a different craft, fostering a broad creative skill set.

Inclusive Environment: Open to all skill levels, with guidance tailored to individual needs.

All Materials Provided: Receive a sketchbook and a bag on your first visit, with all tools and materials supplied thereafter.

Nourishing Experience: Enjoy a delicious cooked meal from our refectory, included in the workshop fee.

Details:

Location: Sidcot School Arts Centre, Winscombe, Somerset

Age Group: 9–14 years

Cost: £60 per session (includes materials and meal)

Schedule: Wednesdays 9.30 am until 4.00 pm

Wednesday, 16th July

Macramé

Macramé is a form of textile produced using knotting techniques, rather than weaving or knitting, to create various decorative and functional items. During this session, participants will focus on creating a wall hanging or water bottle carrier.

Wednesday, 23rd July

Lino Print

Lino printing is a relief printmaking technique where a design is carved into a sheet of linoleum. The raised, uncut areas are then inked and pressed onto paper or fabric to create a print. Workshop participants will make a tote bag showcasing their own design.

Wednesday, 30th July

Felting

Felting is a textile art and craft technique that involves matting and compressing loose fibres until they interlock and form a dense, cohesive fabric. This can be achieved through wet or needle felting. This workshop will focus on creating adorable felted birds!

Wednesday, 13th August

Hand Sewing

Hand sewing is a textile technique using a needle and thread to join fabrics and create decorative patterns. It offers precise control and versatility and is often preferred for intricate work. Participants will learn stitches and create their own hoop designs.

Wednesday, 20th August

Crochet

Crochet is a needlework technique that uses a single hooked tool to interlock loops of yarn or thread, creating a fabric or object. Participants will choose between making a square design, a coaster or a scrunchie.

Workshop timetable:

9.30 am	Registration - meet and greet, introductions and health and safety
9.45/10.00 am	Initial introduction to the project Skills workshop
11.00/11.15 am	Snack break (please bring two snacks and a water bottle)
11.20 am	Design, plan and start the project
12.30 - 1.30 pm	Lunch
1.30 - 2.30 pm	Progress with project
2.30 - 2.45 pm	Snack break (please bring two snacks and a water bottle)
2.45 - 4.00 pm	Complete project
