

I WANNA

SAY

TO YOU

Villy Kleepe

PREFACE

Some thoughts stay with us longer than others.

Words unsaid. Feelings hidden. Memories we replay when the world is quiet.

I Wanna Say To You is about those moments. The things we wish we had said, the people we still think about and the emotions that remain long after time has passed.

Music often speaks where voices fail. Perhaps somewhere in these lyrics, you will hear a part of your own story.

Thank you for listening and for giving these songs a place in your life.

Villy Kleppe

"Not everything left unsaid is
forgotten. Some feelings
become songs."
