

Go Beyond Limits

Design-led accessories for
the way work has evolved

Why Hyper?

5 Reasons We Stand Apart

1

User-Driven Design

Built around real workflows: individual purchase or large-scale deployment.

2

Platform Agnostic

Works across Apple, Windows and multi-device setups without compromise.

3

Premium Build Quality

Elevated finish that stands apart in both consumer and enterprise settings.

4

Design-Led Performance

High-spec capability and modern aesthetics working together in every product.

5

Tech Forward

First-mover advantage. Future-proof technology at launch, not catch-up.

Our Promise

"Hyper makes advanced, design-led tech accessories for tech-forward creators and hybrid professionals who want tools that work seamlessly, fit their style and upgrade their workspace."

Semi-Solid-State Power Banks

5K Qi2 Semi-Solid State Power Bank

SKU:

HJ7110GL

SRP:

£49.99/€59.99

Output

Up to 15W wireless (Qi2)

Up to 20W USB-C

Battery Capacity

5,000mAh (18Wh)

Ports

1 × USB-C (input & output)

Includes

20cm/0.7ft charging cable

Availability:

November 2026

Safer semi-solid-state battery technology with fast 15W Qi2 charging in a compact, everyday power solution.

**Semi-Solid State Battery Technology**

Powered by advanced semi solid-state battery technology, designed for safe, reliable performance in a compact, everyday form.

**Qi2 Magnetic Wireless Charging**

Deliver up to 15W of Qi2-certified wireless charging with secure magnetic alignment for consistent, efficient power

**20W USB-C Charging**

Supports up to 20W wired charging via USB-C, giving you the flexibility to switch between wireless and wired charging when needed.

**Advanced Thermal Stability**

Better thermal management helps keep temperatures down during wireless charging, protecting your phone and power bank while supporting faster, more efficient charging.

All the security you need for your MacBook Pro in a sleek, portable design.

**Tool-Less Cable Lock for MacBook Pro**

Effortlessly attach directly onto the air vent of a 14" or 16" MacBook Pro without any tools, adhesives or screws. No adhesives, no damage, no hassle setup.

**Designed for the 14" & 16"**

Compatible with all Apple Silicon MacBook Pro models

**Full Port Functionality**

An innovative design that keeps all ports fully accessible and usable.

**Efficient Device Security for IT Teams**

Featuring a quick, tool-less setup, full port access, and easy redeployment, this solution streamlines device management for IT teams

A top-down view of a person with long, wavy red hair sitting at a white desk. They are wearing a plaid shirt and have colorful bangles on their left wrist. In front of them is a laptop displaying a video editing interface. Above the laptop is a larger monitor showing a landscape image. The desk is decorated with several potted plants, including a large green leafy plant on the left and two small cacti in orange pots. A cup of coffee and a container of pens are also visible. The background is a soft-focus office environment. The text 'Introducing HyperDrive® FLEX' is overlaid in the center. 'HyperDrive' is in white, 'FLEX' is in bold black on a white slanted background, and 'Introducing' is in a smaller white font above it. The entire image is framed by orange and black paint splatters.

 - Port 2 - 70W Max
- USB_A
 - 18W Max

Included

Includes EU, UK, ANZ, and C8 adapters for international use

*Based on charging speeds provided by Apple.

Enabling any traveling professional or road warrior with a power solution like never before.

Charge 3 Devices at once with 70W Max Power

Fast charge a MacBook Air 14-inch to 50% in 19 minutes* and power multiple devices with two USB-C and one USB-A ports.

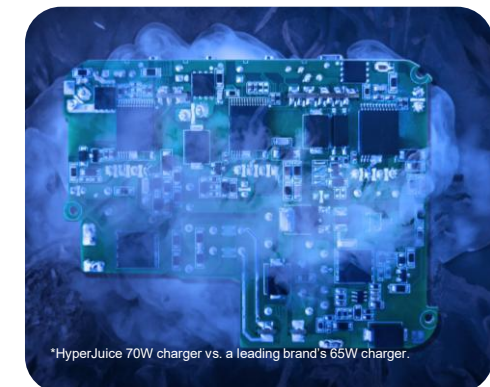

Travel Adapters

Includes EU, UK, ANZ, and C8 adapters for international use.

Create a Charging Station

Use the included C8 adapter* to transform from a Wall Charger into a Charging Station.
*AC power cord sold separately.

22% Cooler Than Leading Charger Brand

Go Beyond safety with industry-leading testing, third-party certifications, and intelligent chips. The HyperJuice GaN Charger is also 22% cooler than a leading charger brand.

IEC C7 Extension Power Cord

SKU

HJ4410WHEU

MSRP

€5.99

Compatibility

HyperJuice 70W, 100W & 145W
USB-C GaN Chargers.*

*When used alongside the C8 adapter
included with the HyperJuice GaN
chargers.

Specifications

6ft/2m length

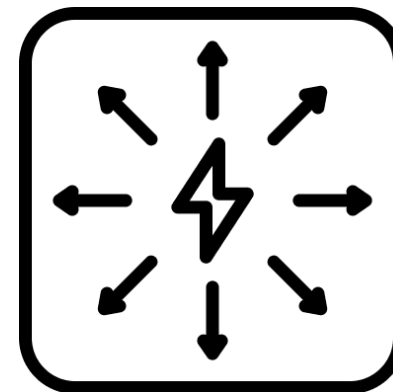

Transform your HyperJuice GaN charger into a versatile desktop charging station.

**Create a Charging Station**

Use the C7 Extension Power Cord alongside the C8 adapter* to transform from a Wall Charger into a Charging Station, providing a more secure attachment to the wall outlet.

*A C8 adapter is included with the HyperJuice 70W, 100W & 145W USB-C GaN chargers.

**Extend Your Charging Reach**

Gain more distance to access additional plugs in various locations, such as coffee shops and other public spaces, making it easier to charge your devices wherever you are.

Qi2 4-in-1 Magnetic Charging Stand

SKU

HJ3004WHGL

MSRP

£159.99/€169.99

High-speed PCIe expansion through USB4 v2 (Thunderbolt 5 compatible)
for fast, reliable storage and modular performance

**80Gbps Ultra-Fast USB4
Connection**

Delivers up to 80Gbps bandwidth* with USB4 v2 (Thunderbolt 5 compatible) for true PCIe Gen 4 x4 performance.

*Transfer speed is up to 64Gbps

**Supports PCIe Gen4/3 Devices, up to
64Gbps (Gen4 x4)**

Delivers full-speed PCIe Gen 4 and Gen 3 NVMe performance over USB4, giving you the fastest possible transfer rates

**Broad M.2 Size Compatibility
(2230 – 2280)**

Supports multiple M.2 sizes, including, 2230, 2242, 2260, and 2280, so you can choose the right drive your system.

Built for AI and PCIe Expansion
More than storage, this enclosure supports high-performance PCIe modules such as AI accelerators and networking cards to add computing power or specialized capabilities to your system,
