THE RIVER BOWL 2026

GORHAM @ WESTBROOK

WEEK 8

ORIGIN OF THE RIVER BOWL

Coach Morrison and Coach Johnson have both been a part of Football in Southern Maine for over 15 years and with their respective schools for over 10 years. In the offseason of 2024/2025 they were looking for ideas to help create some meaning to this game as it is both of their teams most natural rival.

After some brainstorming with each other, respective staffs, and returning leaders they settled on creating “The River Bowl.”

The first meetings of these teams was in the 2005 season. While we will consider all games played as history of the River Bowl the 2025 game was the first where a trophy is awarded to the winning team as well as each teams most outstanding player being recognized.

“THE RIVER”

This part of the name pays respect to one of the many things that connect these communities. The Presumpscot River runs through both the Westbrook and Gorham Communities.

Short by most standards, the Presumpscot rolls twenty-five miles, from Sebago Lake to Casco Bay, passing through Windham, Gorham, Westbrook, Falmouth and Portland. However, in that short distance it drops over 270 feet.

Even though the river is short, it's impact is great. With a watershed of 648 square miles, the Presumpscot is the largest freshwater input into Casco Bay.
For more on the Presumpscot read here:

“BOWL”

Wanting to stay true to football tradition the word Bowl was chosen to signify something unique to football rivalry or trophy games. Wanting to piggy back off of the iconic Orange Bowl, Cotton Bowl, & The Rose Bowl games.
