MORE THAN ONE WAY TO LEARN

**You don't have to give up the freedom you love,
to gain the support your child needs.**

**At New Horizons Academy, we believe learning
should fit the student, not the other way around.
That's why we combine the freedom many
homeschooling families value with the support,
guidance, and opportunities students need to
thrive.**

FREEDOM WITH SUPPORT

Your child learns from home, on a schedule that works for your family.

Certified teachers provide instruction, feedback, academic support, and encouragement every step of the way. You keep the flexibility you love. We provide the support when you need it.

“

NHA gives me the best of both worlds. The flexibility of learning from home with the one-on-one support of dedicated teachers.

– Kaydence, NHA Student

A NOTE FROM OUR DIRECTOR

Built by a Homeschool Mom

Hi, I'm Stephanie.

As a Kentucky educator and a homeschooling mom, I know that every child learns differently and every family has unique goals.

That's why we created New Horizons Academy—to give families more flexibility, more support, and more opportunities while preserving the freedom that makes learning at home so valuable.

If you're exploring options for your child, we'd love to talk.

No pressure. Just a conversation.

Stephanie Wilson

Director, New Horizons Academy
