Women's Fits

Gone are the days when women have to wear the same cut as men. Classic Sportswear has put women's performance front and centre, conducting working groups with elite female athletes to develop products specifically designed for women. We proudly offer new and improved kit that **enhances comfort and performance.**

Our women's fit jerseys are **tailored to a woman's shape**, with contouring in the shoulders, waist and hips resulting in an athletic performance fit that is still feminine in appearance.

Our women's fit shorts are crafted to sit higher on the waist and are tapered through the hips, with the end product being a look and feel that is both modern and high performance.

Sponsor Placement

Customise your team kit with Premium Sponsor Placement.
