TIMELESS TREASURES

Love Spell

SMALL NEEDLE. BIG DIFFERENCE.

The Right Needle Changes Everything

Overlock needles are specially designed for sergers and overlock machines to deliver smooth, balanced stitches on every fabric.

WHAT IS AN OVERLOCK NEEDLE?

Overlock needles are specially designed for sergers and overlock machines. Their stronger shank and precision point help create smooth, balanced stitches while reducing skipped stitches and thread breakage.

WHEN SHOULD YOU USE ONE?

- Sewing knit fabrics
- Finishing garment seams
- Working with fleece and Minky
- Creating rolled hems
- Decorative overlock stitching
- High-speed serging projects

WHY IT MATTERS

Using the correct overlock needle helps your serger perform at its best.

- **Cleaner stitches**
- **Fewer skipped stitches**
- **Less thread breakage**
- **Better fabric feeding**
- **Longer machine life**
- **More professional results**

TIP: Replace your overlock needles every 6–8 hours of sewing or at the start of a new project for the best stitch quality.

NEED HELP CHOOSING THE RIGHT NEEDLE?

New Features

PFAFF
Perfection starts here.™

NEW
to
PFAFF®

New Embroidery Unit

The new embroidery unit reduces noise and vibration and provides an industry-leading embroidery size of 450 x 450 mm*. The newly designed attachment for both the embroidery unit and hoops makes the setup quick and easy.

NEW
to
PFAFF®

Free-Arm Embroidery

With free-arm embroidery, it is easier than ever to personalize ready-made items. Embroider on tubular pieces, such as baby clothes, bags, and pillowcases, without having to take the seams apart.

NEW

Quick Quilt Settings with Bobbin pick-up

Quilting in embroidery needs adjustments for a tidy look on both sides. The new feature automates settings by turning off ActivStitch™ Technology, increasing thread tension, disabling automatic thread cutting, and activating the bobbin pick-up feature.

NEW

Enhanced STITCH CREATOR™

Design custom stitches wider than 9 mm or modify built-in ones. Control stitch length, width, and shape to create decorative patterns, perfect for embellishments and personal touches.

NEW
to
PFAFF®

Fabric Selection

Set the type of fabric you are sewing and the machine automatically adjusts to the optimal settings for your chosen fabric, technique, and stitch.

NEW
to
PFAFF®

Exact Position with Scaling

Adjust your design's position and rotation precisely, minimizing time and effort for perfect hooping. The Exact Position feature lets you easily scale designs if elements exceed hoop limits, ensuring parts fit well during multi-hooping.

* Reduced noise and vibrations when compared to the PFAFF® creative icon™, creative icon 2 and creative performance™ 950 embroidery units. The industry's largest embroidery area is 450 x 450 mm when compared to Brother Aveneer, Babylock Radiance, Bernina B990 and Janome Continental M17, and requires the optional creative™ Grand Turnable Hoop.
** Some CREATIVATE features require a paid membership.
