ECO-DESIGNED FORMULATION & PACKAGING

Innovation

THE FIRST ECO-DESIGNED ACRYLIC AUXILIARIES
with Pébéo commitment to quality

Formulated with a 100% recycled binder!

A 100% recycled resin replaces the previous resin which was petrochemical in origin. This sustainable resource serves as a binder for all the auxiliaries in the range.

The production of this new resin generates 6 to 7 times less CO_2 emissions when compared to traditional binders.

Packaged in a 100% recycled* and recyclable jar.**

*excluding phosphorescent gel **excluding lids and stoppers

Setacolor Leather Auxiliaries 110 ml bottle

1) Prepare

Before applying the color, it is essential to clean the surface. We recommend the use of the Preparer & Deglazer auxiliary, specially designed for materials like leather, synthetic leather, etc.

2) Create

You will find 3 products in this category:

- The **Lightening Thinner** makes it possible to dilute, thin and lighten the Setacolor Leather colors without altering their properties. Ideal for airbrush use.
- The **Glue** allows you to stick various materials (cotton, leather, polyester etc.) on leather or imitation leather.
- The **Masking Fluid** makes it possible to create reserve areas on leather or imitation leather. Application in a thick layer for a very thin and peelable finish.

3) Protect

For an optimal and long-lasting result, protective **Varnishes** must be applied. Available in matt-satin or gloss finishes.

4ARTIST MARKER

4Artist Marker™

4ARTIST MARKER is Pébéo's oil based multi-technique marker. Permanent and with various application purposes : it is the perfect contemporary painting tool ! Ideal for all technics : drawing; outline a plan; creating uniform flat tints; adapting dilution for touching up or glazing; playing with splashes and drippings; re-creating shaded colours and blending even on dry paint; superposing colours... 4ARTIST MARKER offers the artist a matchless multivalence to work with various supports and paints.
