GREETINGS

Mid-Atlantic Regional Director

Alpha Kappa Alpha Sorority, Incorporated®

Greetings Alpha Kappa Alpha Sorority, Incorporated® South Charlotte Pearls of Queen City Interest Group Members and Guests:

I am thrilled to welcome you to the Chartering Luncheon for the Alpha Kappa Alpha Sorority, Incorporated® South Charlotte Pearls of Queen City Interest Group in the Mid-Atlantic Region. In your service area, you are boldly engaged in community outreach and activities that strengthen the bonds of sisterhood for your trailblazing members and provide meaningful service to your neighbors.

The Marvelous Mid-Atlantic Region serves communities throughout North Carolina and the Commonwealth of Virginia. Our region includes 139 undergraduate and graduate chapters—today's chartering of the South Charlotte Pearls of Queen City Group elevates that total to 140 chapters. Our 14,000 members are leaders on their campuses and pioneers in professions and industries spanning medicine and education to law and public service. Under the Soaring to Greater Heights of Service and Sisterhood administration, led by Alpha Kappa Alpha's International President and CEO, Ms. Danette Anthony Reed, we are advancing, empowering and transforming lives and communities in large metropolitan cities and rural towns across the United States and abroad.

The work that the South Charlotte Pearls of Queen City carried out over the past year and a half is both impressive and inspiring. I applaud the charter members for the projects they have seamlessly implemented and the positive, visible impact they are making in their service area. This work has included providing food to Pineville Elementary, Sterling Elementary, Crisis Ministry, as well as partnering with Steele Creek AME Zion Church for the Thanksgiving Food drive where 400 meals were donated to families in south Charlotte. Your strong execution of Alpha Kappa Alpha's program initiatives, including the Youth Leadership Institute, in partnership with Anderson Counseling Group to educate youth on the importance of mental health. This service positions you to continue meaningful outreach as a newly chartered chapter. Your 2025 Community Fundraiser generated an impressive \$21,474 to support your work in south Charlotte. I know you will continue meaningful outreach as a newly chartered chapter.

Establishing this new chapter in the Western Carolina Cluster expands the footprint of our sisterhood, lifting the pillars of Alpha Kappa Alpha's principles and ideals. You will make a powerful and lasting impact on the community today and for many years to come. I look forward to helping you SOAR!

Congratulations!

Sincerely,

Nadine Vargas Stewart
Mid-Atlantic Regional Director

GREETINGS

President

South Charlotte Pearls of Queen City

Greetings,

On behalf of the South Charlotte Pearls of Queen City, an official Interest Group of Alpha Kappa Alpha Sorority Incorporated®, we extend our warmest greetings and gratitude for being part of our enduring legacy. I have had the privilege of serving as the Interest Group President for the past two years. Since the group's inception, our vision has been focused on bringing Alpha Kappa Alpha's program initiatives to South Charlotte. This required us to be innovative by exploring areas that are often overlooked in our own community. Within these two years, we identified more than 7 community partners who have assisted us with serving communities in South Charlotte. Through the help of our community partners, we were able to align ourselves with Alpha Kappa Alpha's International Program Initiatives. This journey alone stands as a testament of our shared commitment to sisterhood, excellence, and service to all mankind.

Our work within South Charlotte has encompassed a diverse range of service opportunities that directly address the community's needs. Through community partner collaborations, donation drives, and hands-on service opportunities, we have been able to maximize our community impact while fostering meaningful relationships with one another. Luke 12:48 teaches us that blessings are never meant to stop with us. The more we receive—whether through time, resources, or knowledge—the greater our calling is to give and bless others in return. This will always be an ongoing vision of the South Charlotte Pearls of Queen City; trailblazers who open doors not just for ourselves, but for everyone who follows.

As we embark upon this new phase, never forget the strength, courage, and leadership forty-eight women had to step out on faith and follow a vision they had for their community. Always remember the kindness, grace and patience that have defined our sisterhood thus far. For generations to come, our hope is to leave a legacy that will continue to uplift the South Charlotte Community through innovative ideas, and unwavering commitment.

Yours in Service,

Ashelon K. Johnson
President
South Charlotte Pearls of Queen City

GREETINGS

Vice President

South Charlotte Pearls of Queen City

Dear SCPQC, community, friends and family.

From Vision to Reality

This moment represents a vision brought to life—a vision of sisterhood and service taking root in one of Charlotte's fastest growing corridors. As one of the visionaries for this group, we recognized a unique opportunity to unite sisters in South Charlotte, an area growing at twice the rate of the surrounding county. While today marks the end of the South Charlotte Pearls of Queen City (SCPQC) interest group journey, it serves as the beginning of an extraordinary new chapter.

Our initial programming goals were clear: establish a presence through consistent programming, create strategic partnerships, execute monthly service opportunities, and build a standardized operational foundation. Having successfully realized these goals, we now stand ready to expand our reach and deepen our impact as a chapter.

The Strength of Our Sisterhood

We have cultivated more than just a membership; we have nurtured a bond. Through retreats, brunches, holiday parties, pearl clusters, and monthly gatherings, genuine friendships have blossomed. These connections form the sisterly foundation from which we will continue to grow and serve.

Our Commitment to Service

South Charlotte's rapid growth presents vast opportunities to serve. We have committed hundreds of hours of service as a group. A highlight of some of our impact:

- Empowering Youth: Provide food packs to 73 students at Sterling and Pineville Elementary during school breaks, while investing time as readers and tutors.
- Supporting Families: Partnered with Steele Creek Outreach Ministry to donate food and clothing, organize the pantry, and provide holiday meals for those in need.
- Environmental Stewardship: Enhanced under-canopied neighborhoods by planting trees with TreesCharlotte and committing to their Treesilience initiative.
- Community Literacy: Established a vital partnership with Charlotte Mecklenburg Library and Pineville Elementary with our Queen City Readers program.
- Addressing Mental Health: through our partnership with Anderson Counseling Group

As South Charlotte continues to grow, so grows our commitment to serve and uplift this community. We are honored to carry this work forward, together.

Yours in Service,

Carmen Witherspoon
Vice President
South Charlotte Pearls of Queen City

GREETINGS

Chartering Committee Chairmen

South Charlotte Pearls of Queen City

Greetings,

It is with profound joy and heartfelt admiration that we extend our warmest congratulations on the chartering of our new chapter of Alpha Kappa Alpha Sorority, Incorporated®. This moment is not only a celebration of our accomplishments but a testament to the vision, dedication, and sisterhood that brought this chapter into being.

The establishment of a new chapter carries deep meaning. It signifies the beginning of a legacy-one rooted in the timeless values of sisterhood, scholarship, and service to all mankind. By bringing this chapter to life, we are planting seeds that will uplift the South Charlotte community, empower future leaders, and strengthen the ever-growing tapestry of excellence woven by generations of Alpha Kappa Alpha women since 1908.

Our collective commitment, perseverance, and unity have created a new home of sisterhood. As we are both new to the Charlotte area, we have already witnessed new bonds forming, lives being changed and a heart for service that has and will radiate far beyond the boundaries of our community. May this chapter be a beacon of grace, leadership, and purposeful impact for years to come.

As we embark on this new journey, may we continue to walk proudly in the footprints of our founders while forging a path that is uniquely our own. We celebrate not only what we have accomplished today, but all that our chapter will accomplish in the future, together in harmony, and in the true spirit of Alpha Kappa Alpha Sorority, Incorporated®.

In closing, we would like to thank President, Ashelon K. Johnson for giving us this awesome opportunity to serve and to our Regional Director, Nadine Vargas Stewart for allowing the South Charlotte Pearls of Queen City to come to fruition. Congratulations to all of us on this beautiful milestone. May our chapter flourish, thrive, and shine brightly as a proud and powerful addition to our beloved sisterhood.

Sincerely,

AN OFFICIAL INTEREST GROUP OF
Alpha Kappa Alpha Sorority, Incorporated®
South Charlotte Pearls of Queen City

Ashelon Johnson and Carmen Witherspoon, both residents of the Steele Creek community in southwest Charlotte, met at church in 2017. They instantly bonded upon discovering they were both members of Alpha Kappa Alpha Sorority, Incorporated®. The two began discussing their shared desire to become more involved with the Sorority at a local level but acknowledged the challenges of doing so because of how far they lived from the service areas of the existing chapters. At the time, most Sorority meetings and programs were held in northern, eastern, and western neighborhoods of Charlotte. The pair often wished there was a chapter that focused on the communities in South Charlotte where they lived.

Those musings evolved into a formal proposal that was submitted to Mid-Atlantic Regional Director Nadine Vargas Stewart in October 2023. Together, Ashelon and Carmen developed a plan to energize inactive and general members of Alpha Kappa Alpha Sorority, Incorporated® who lived and worked in South Charlotte. Their goal was to reactivate members and re-engage general members with the spirit of the Sorority within their own communities.

Ashelon and Carmen organized an informational meeting on January 21, 2024, with twenty-five (25) general and inactive members of the Sorority in attendance. There, they shared their plan to establish a new chapter of Alpha Kappa Alpha in the Queen City, one that would focus on communities in southern Mecklenburg County. The energy in the room was electrifying, and that same day, the service group named themselves the South Charlotte Pearls of Queen City (SCPQC).

From there, SCPQC began working in their communities while strengthening their sisterly bond. Their first sisterly retreat was held in July 2024, and served as a refresher course for those who had been disconnected from Sorority operations and policies. By August 2024, membership had grown from twenty-five (25) to forty-seven (47) group members. On November 9, 2024, South Charlotte Pearls of Queen City had grown to fifty-two (52) members and was declared an official Interest Group of Alpha Kappa Alpha Sorority, Incorporated®.

Since their designation as an Official Interest Group, SCPQC has been hard at work within the Sorority and in their chosen service area. In addition to several trainings and webinars hosted by the Mid-Atlantic Region's leadership team, the group has been well represented at Alpha Kappa Alpha's local, regional, and international conferences. SCPQC hosted its first philanthropic development program, a \$19.08 campaign, that raised more than \$20,000 to support programs and service projects aimed at assisting our targeted service areas. In the community, SCPQC has completed more than 600 hours of programming service, demonstrating their exceptional commitment to community engagement. Some highlighted efforts include distributing more than 600 items through the Power Hour Lunch Packing program for Crisis Assistance Ministry, and more than 2500 items to local elementary school students and their families to combat childhood hunger. Notably, the group boasted 100%-member program participation, noting that every member participated in at least two service projects. This emphasizes the groups' collective dedication to community engagement. This was all done while cultivating, strengthening, and maintaining a sisterhood through leadership workshops, conferences, and sisterly relations activities.

The South Charlotte Pearls of Queen City have worked tirelessly towards chartering on January 8, 2026. In so doing, the SCPQC will become the first four-letter chapter of Alpha Kappa Alpha in Charlotte. Yet, the forty-eight (48) charter members know, their work has just begun in the community and within the Sorority.
